A One Day Online National Webinar on “**Effect of Quenching Rate on Thermal Behavior of Chalcogenide Glasses**”, was organized by Physics Department, School of Basic and Applied Sciences, Harcourt Butler Technical University, on September 30, 2021, via Google Meet Platform. The speaker in this event was Dr. Ashok Kumar, Retired Professor & Ex-Director, Harcourt Butler Technical University (HBTU) Kanpur. The convener of this Webinar was Dr. S.K. Sharma, Associate Professor, Physics Department. The Participants in the program was faculty members/Research scholars/ M. Tech and B. Tech. students of University. Various insightful and interesting questions about Fundamentals of Quenching, Thermal Behaviour of Chalcogenide Glasses was asked by participants and answered by respected Speaker. This event was conducted successfully by all the coordinators.
