Co-ordinators, TERIP-III

May like to see the original proposal submitted by the office of Dean, P&RG. In the I phase it has been planned to conduct the online assessment test during October 2018 for the students of III years B.Tech. only. Accordingly the budget estimate of Rs. 1,13,500/- was proposed for approval. But, unfortunately the TERIP office has assumed this amount for conduction of the assessment test from I years to final year B.Tech. and accordingly got it approved.

Therefore, it is proposed to get the approval for the Ist phase only. The remaining classes test will be conducted in the II phase. The proposal may be approved in principle alongwith budget approval for the Ist phase for III year B.Tech. students only.
