**INTERVIEW
Session**

DATE: 29 August 2025

The poster features a central illustration of a hand holding a magnifying glass over a silhouette of a person. Below this, a woman in a blue suit sits at a desk with a laptop, while a man in a light blue suit sits opposite her, gesturing as if in conversation. The background is light blue with a yellow brushstroke effect behind the text. Logos of the university and department are present in the corners.

PERSONALITY DEVELOPMENT PROGRAM

INTERVIEW SESSION

Event Report

The Department of Food Technology, Harcourt Butler Technical University, Kanpur, successfully organized an **Interview Session for final-year students** on **29 August 2025** at the Seminar Hall, Department of Food Technology, as part of its professional development and placement preparation initiatives. The session was designed to provide students with hands-on exposure to interview processes and to **enhance their confidence, technical clarity, and communication skills required for future career opportunities.**

The mock interview exercise simulated real-world interview scenarios, enabling students to refine their self-presentation, response structuring, and professional demeanor under academic supervision. The session offered a practical platform for students to identify their strengths and areas for improvement in a structured and supportive environment.

The session was graced by **Dr. Shравan Kumar, Assistant Professor, Department of Biochemical Engineering**, who served as the resource person. He shared valuable insights on effective interview performance, focusing on key aspects such as body language, technical articulation, clarity of concepts, and time management. His guidance helped students gain a clearer understanding of industry expectations and best practices for interview success. The event was smoothly coordinated by Ms. Aisha Rahman, Department of Food Technology, who managed the proceedings and provided additional constructive feedback to the participants.

The program concluded with an interactive feedback session, during which **more than 40 students** expressed that the exercise significantly enhanced their awareness of professional skills and boosted their interview confidence. The faculty members appreciated the enthusiasm, preparedness, and active participation of the students. Overall, the interview session proved to be a highly enriching experience, reaffirming the department's commitment to preparing competent, confident, and industry-ready food technologists.

Glimpses of the event

The interview session highlighting mock interview interactions and professional skill development. An enriching experience that enhanced students' confidence, communication, and industry readiness.
