The banner features a woman in a yellow top and blue skirt pointing at a presentation screen displaying a pie chart. Two audience members are visible in the foreground. The background includes a cityscape and a large plant. Logos of the Association of Food Technologists and the Department of Food Technology are present in the top corners.

# PERSONALITY DEVELOPMENT PROGRAM PRESENTATION SESSION

## Event Report

The Department of Food Technology, Harcourt Butler Technical University, Kanpur, successfully organized a **Presentation Session on 4 October 2025** at the Seminar Hall, Department of Food Technology for **final-year students**, as part of its **academic enrichment and professional development initiatives**. The primary objective of the session was to strengthen students' presentation skills, technical communication, and research understanding while encouraging exploration of key areas in food science and technology.

During the session, **more than 15 students delivered presentations** on a variety of relevant and research-oriented topics, including resveratrol, tannins, capsaicin, and carotenoids. Each presentation was assessed based on content clarity, scientific accuracy, delivery effectiveness, and the ability to respond to questions from **more than 50 Attendees**. The interactive and intellectually stimulating environment promoted healthy academic discussion and facilitated a deeper understanding of the biochemical and functional aspects of food components.

The session was supervised and evaluated by **Dr. Shravan Kumar** and **Dr. Anurag Singh** from the Department of Food Technology. The faculty members provided constructive feedback and appreciated the students' efforts, depth of research, and presentation skills. Their guidance helped participants refine their approach to scientific communication and research-based presentations. The event concluded successfully, reflecting the department's continued commitment to fostering academic excellence, critical thinking, and professional competence among Food Technology students.

## Glimpses of the event

The presentation session showcasing students' research-oriented talks and technical discussions. An engaging academic platform that enhanced presentation skills, scientific understanding, and confidence.
