Proposal for Research Excellence Award

HBTU Research Excellence Award

Preamble:

The beginning of Research Excellence Awards at HBTU, Kanpur is an initiative taken by Hon'ble Vice-chancellor Prof. Samsher to motivate, to inspire to promote research and to establish a research friendly atmosphere at the University. The researchers of all the disciplines will be rewarded for the innovative research work. These awards give the distinction to the students and faculty from the other people, motivate them and put them into elite rank in terms of their research contribution to the research work and to the society. This beginning will act as a platform to encourage research work and to felicitate the researchers of the university who are delivering something great and extraordinary to the university, and to the society in the form of their research work so that the forthcoming generation of young researchers can get benefited from their work. This step will set-up a novel tradition in the university and will prove to be a turning point towards research in the University.

The motive of these prizes is to acknowledge and to pay the honour to the faculty, Ph.D students and all the researchers of the university who have contributed to the progress of humanity through their dedication to the science and serving as a source of inspiration. These awards will help to raise the hidden talent in the individuals.

Selection Process and Award Criteria:

A committee of experts constituted by Honourable Vice-Chancellor will review and select the successful candidates on the basis of the supportive documents that provide justification for consideration of the awards. The expert panel will examine and consider only those research contribution which are of high standard and innovative, which actually contribute to the society like research breakthrough i.e. acknowledge to be a major advance, influence or transformations.
