## **1.1 History**

Harcourt Butler Technical University, Kanpur (erstwhile HBTI Kanpur) came into the existence on September 01, 2016 by the Act of Government of Uttar Pradesh with the aim to make it a leading residential university and to develop it as a Centre of Excellence with focus on Research & Development and Incubation in the field of Engineering & Technology. It was reconstituted as Harcourt Butler Technical University on September 01, 2016 by govt. notification no. 5869(2)/LX/XIX-V-1, 16(ka)-10-2016 dated Lucknow April 07, 2016 (UP Act no.11 of 2016). The University is fully financed by the Government of Uttar Pradesh. The University has also received financial aid from RUSA and TEQIP scheme for academic improvement & infrastructure development.

Erstwhile Harcourt Butler Technological Institute was established in 1920 when the Government of United Provinces started Government Research Institute, Cawnpore. It was subsequently renamed as Government Technological Institute in 1921. Finally, it got the name Harcourt Butler Technological Institute in 1926. On March 26, 1965, it was upgraded from its Government Department status to an autonomous Institution. The Institute was affiliated to Kanpur University till 2001. Once Uttar Pradesh Technical University, Lucknow came into existence in 2001, its affiliation was transferred. Later on, HBTI Kanpur was granted academic autonomy by the UGC in 2008. The University has a rich legacy, tradition and glorious past which propelled it to become of the prestigious institutions of northern India. It has a strong alumni base spread across the globe who are carrying forward the its legacy and culture in their respective fields. It used to be the first choice of the candidates qualified through UP State Entrance Examination (UPSEE) amongst all Government and Private Technical Institutions of the State. After change of its status to University in 2016, students are admitted through JEE (Mains) to various B Tech programs since 2017.

## **1.2 Vision & Mission of University**

### **Vision**

"To achieve excellence in technical education, research and innovation"

### **Mission**

- Imparting knowledge to develop analytical ability in science and technology to serve the industry and society at large.
- Equip and enable students with conceptual, technical and managerial skills to transform the organization and society.
- Inculcating entrepreneurial philosophy and innovative thinking to promote research, consultancy and institutional social responsibility.
- Serving people, society and nation with utmost professionalism, values and ethics to make development sustainable and quality of life.

## **1.3 Location and Campus**

The University is located at a distance of around 9 kilometers from the Kanpur Central Railway Station in Nawabganj Area of the city. Several prominent landmarks such as Chandra Shekher Azad University of Agricultural & Technology, GSVM Medical College, Kanpur Zoo, Company Bagh and Rawatpur Railway Station etc. are in close vicinity of the University. The University is spread across two campuses- East Campus (77 acres) and West Campus (271 Acres) 3.5 kilometers apart. The East

Campus located in Nawabganj area whereas the West Campus is in Vikas Nagar area. The East Campus houses mainly administrative and academic departments, auditorium and other central facilities. All four Girl's Hostels and three Boy's Hostels for First Year students are also located in this Campus along with limited accommodation for Officers and Staff of the University. The West Campus of the institute, located on the road connecting Kanpur Zoological Park and GT Road is mainly a residential campus for Faculty members and Staff. It houses four boys hostels for senior students and residential quarters for faculty members and staff. All the hostels have independent power back-up through generators. The University Sport's Ground, Gymnasium, Basketball and Volleyball Courts along with SBI ATM, Post Office and Community Centre are located in this campus. A multi-purpose hall is also under construction. Figure 1 presents the location map of east campus of the university.

## 2. ACADEMICS

### 2.1 Academic Programmes

The University has four Schools namely, School of Engineering; School of Chemical Technology; School of Basic & Applied Sciences and School of Humanities & Social Sciences. The University offers BTech programmes in 13 branches of Engineering and Technology. It also offers full time MTech programs in seven specializations. In addition, it runs a regular Master of Computer Application (MCA) program. All the Departments of the University offer regular PhD programs. A number of departments are recognized QIP Centers. The University is planning to start number of new programs at the undergraduate and post graduate levels in near future. The details of various programs offered by the university including their intake is presented in table 1-4. For more details related to eligibility, qualification etc, candidates may refer the relevant ordinances presented at page 23-85.

## **2.2 UNIVERSITY SCHOOLS AND DEPARTMENTS**

The University has four Schools namely, School of Engineering; School of Chemical Technology; School of Basic & Applied Sciences and School of Humanities & Social Sciences. A brief overview of various departments under these schools along with their vision, missions and PEO's is presented in the following sub sections:

### **2.2.1 School of Engineering**

#### **1. Department of Civil Engineering**

The Department of Civil Engineering was established in 1966. It is one of the premier departments of the Institute. The department offers full time undergraduate degree programme in Civil Engineering and post graduate degree programme in Environmental Sc. and Engineering. The department also offers two 3 years part time post graduate degree programme in Structural Engineering and Soil Mechanics & Foundation Engineering. The curriculum of these programs encompasses latest developments in the field as well as present day and future needs of Industries.

The department has well developed laboratories with all essential facilities for running undergraduate and post graduate programs. The major equipments available in the departments includes fire furnace, core cutter apparatus, ultrasonic concrete tester, universal testing m/c., loading frame, electronic total station, U.V. spectrophotometer, rock core cutting machine, electrical resistivity meter, vehicle counting and classifier, hand held traffic speed radar gun, Francis turbine etc. The students have an in-depth exposure to computing environment using water CAD, sewer CAD, storm CAD, STAAD.Pro, Auto desk education solution set and Arc view. The department has a well furnished building housing ten laboratories, three classrooms, one tutorial room, one drawing hall, library, departmental office and separate rooms for faculty.

The department is among the best in the Institute in terms of practical exposure and Institute industry interaction. The department has learned and dedicated faculty members contributing towards research and development and continuing education programmes. Over the years, industrial interaction has increased and today the annual external funding in the department runs to more than 100 lacs as industrial consultancy.

#### **Vision**

"To position as a global leader in Civil Engineering teaching, research, innovation and extension activities; for sustainable growth of economy with a meaningful and lasting impact on the society."

#### **Mission**

- Imparting quality academics in Civil Engineering Education.
- Carrying out high quality applied research and innovation in Civil Engineering with due considerations for sustainability.
- Imparting extension activities in form of consultancy, continuing education thereby leading to capacity building.
- Enhancing linkages with alumni and industry.

### **Program Educational Objectives (PEOs)**

PEO 1: Apply principles of basic and engineering sciences in analysis, design and operation of civil engineering systems.

PEO 2: Graduates will be actively engaged in a professional career as a civil engineer or pursue higher studies in relevant specialization.

PEO 3: Graduates, will understand and assess the societal needs to see as to how civil engineering projects affect the society and the environment in view of the sustainability issues.

PEO 4: Graduates will understand professional practice issues and demonstrate a commitment to professional and continuing education.

PEO 5: Engage in lifelong learning and adapt to changing professional needs to keep themselves abreast with the state of the art in field.

## **2. *Department of Computer Science & Engineering***

The Department of Computer Science & Engineering was established in 1984. It runs B.Tech. program in Computer Science & Engineering with an intake of 60 students. The Master of Computer Application (MCA) programme was introduced in 1987 with intake of 60 students. Later on, B.Tech. Information Technology programme with an intake of 60 students was introduced in the year 2000 on the recommendations of IT Task Force. The Department has a very good interaction with industry and other educational institutions.

### **Vision**

"To excel in Computer Science & Engineering education, research, innovation and global employability."

### **Mission**

- Achieve academic excellence in Computer Science & Engineering through an innovative teaching- learning process.
- Inculcate technical competence and collective discipline in students to excel for global employability, higher education and societal needs.
- Establish focus research groups in leading areas of Computer Science & Engineering.
- Sustain quality in Computer Science & Engineering education & research through continuous & rigorous assessment.

### **Program Educational Objectives (PEOs)**

PEO 1: To inculcate professional culture amongst the students to take up technical / professional positions for design, development, and problem solving in software industries and R&D organizations.

PEO 2: To prepare students as technical, ethical, responsible solution providers and entrepreneurs in various areas of Computer Science & Engineering.

PEO 3: To provide the necessary competence and capability in students to pursue higher studies in Institutions of International / National repute.

PEO 4: To provide analytical and technical ability to develop and innovate systems and technologies in the leading areas of Computer Science & Engineering.

### 3. *Department of Electrical Engineering*

The Department of Electrical Engineering was established in the year 1965. It is one of the oldest and premier engineering department of the university. The number of the students having completed their under graduate program has reached the 1500 figure mark. The department has been playing a vital role in producing scientists and engineers of highest possible caliber ever since its inception. Apart from offering a bachelors degree programme in electrical engineering, the department also offers part time master degree programme in power electronics and control discipline and part time and regular doctor of philosophy programmes. The department has an annual intake of 33 students in the under graduate B.Tech. Programme. and 10 in Post Graduate M.Tech. Degree Programme and around 5 in PhD programme. The department has been playing a pioneer role in producing world-class engineers and research scholars.

The department has rich and experienced faculty members with very wide exposure. The department has distinguished faculty, all holding degrees from renowned institutes / universities. The faculty member(s) of this department hold patent, have authored good number of books and also guided good number of M. Tech. theses, Ph.D. theses. The commitment and dedication, punctuality, experience, expertise and enriched knowledge of the faculty members are few among many the distinguishing features of this department.

The passed out students have proved their mettle in various private and government organisations, public sector organisations, civil services, teaching & research, research & development and multi-national companies. Electrical Engineers rolling out of the institute are well groomed in the core areas of Advanced Control Systems / Power Electronics / Electrical Machines / Power Systems / Measurement and Instrumentation / Machine Design / Power Generation, Transmission & Distribution as well as Software Development/Handling and R&D work. The continuous updations in the course curriculum polishes the budding electrical engineers, in a way, so as to meet the challenges posed by newer technologies and reach the ever-expanding horizons and evolving challenges of industry.

The infrastructure and laboratory facilities are being upgraded from time to time so as to provide adequate opportunities to students and researchers to learn and carry out technological innovations. Financial support for the purpose is provided by the university and TEQIP World Bank, The department has Library, Basic Electrical Engineering Laboratory, Electrical Machines Laboratory, Power Electronics & Electric Drive Laboratory, Microprocessor & Control Laboratory, Power System Laboratory, Network Laboratory, Electrical Fabrication Laboratory, Simulation Laboratory, RTPSS Lab., Electrical Measurement Laboratory, Electrical Science Laboratory and Instrumentation Laboratory. The department has facilities to support teaching and learning activity The department had planned to add advanced laboratories in the areas of advanced control, machine intelligence and also personality development. The department is continuously engaged in research and development activities. Several National and State level seminars, Technical Festivals, Faculty Development Programmes, Conferences, Symposiums, Expert Lectures, workshops, Staff Training Programmes, Short Term Courses etc. are part of its yearly agenda. The department also undertakes many research projects sponsored by both the government, industry, civil societies etc.

## **Vision**

"Building department into a knowledge hub, through its utmost focus on relevant education, innovation and cutting edge research, and out-reach activities for the conservation, peace, happiness, well-being and prosperity of all creation."

## **Mission**

- To educate and train the students equipped with knowledge of electrical engineering, analytical abilities, ethics and integrity human and social values and leadership qualities
- Capacity building, innovation and development of research capabilities through collaboration /agreements and symbiotic relationship with industry / institutes / universities and other government / private/ non-government agencies and civil societies.
- Providing environment friendly, reasonable and sustainable solutions for local & global needs.
- Creating awareness and also enhancing resource generation through STCs, FDPs, SDPs, etc.
- Implementation of quality processes in teaching and learning, and research.
- Foster an ecosystem as per the need of the time well-knitted with the nature, and establishing Centre(s) of Excellence / state of art lab facilities in niche areas as per strengths of department
- Establishing the department as the leader and hand holding others institutions / universities

## **Program Educational Objectives (PEOs)**

PEO 1: Ability to exhibit memory of previously learned material by recalling fundamental facts, terms, basic concepts and answers about the selection, in the domain of electrical engineering.

PEO 2: Ability to demonstrate understanding of facts and ideas by organizing, comparing, translating, interpreting, giving descriptors and stating main ideas, in the domain of electrical engineering.

PEO 3: Ability to solve problems in new situations by applying acquired knowledge, facts, techniques and rules in a different, or new way, in the domain of electrical engineering.

PEO 4: Ability to examine and break information into parts by identifying motives or causes. Make inferences and find evidence to support generalizations, in the domain of electrical engineering.

PEO 5: Ability to compile information together in a different way by combining elements in a new pattern or proposing alternative solutions , in the domain of electrical engineering.

PEO 6: Present and defend opinions by making judgments about information, validity of ideas or quality of work based on a set of criteria, in the domain of electrical engineering.

## **4. *Department of Electronics Engineering***

The Department of Electronics Engineering was established in 1990. It has committed Faculty members for taking care of academic and other requirements of the students. It offers B.Tech. in Electronics Engineering with intake of 60(Sanctioned intake) and a full time M.Tech. in

Electronics and Communication Engineering with intake of 18 (Sanctioned intake). In addition, for Ph.D. programme there are two seats under QIP and one seat under TEQIP II as research cum teacher fellow. At present there are seven Ph.D. scholars under QIP/TEQIP. Besides this the Department is also offering regular Ph.D. programme as per HBTU ordinances. The Department has successfully implemented many sponsored projects funded by World Bank and Swiss Govt. AICTE, DST, DRDO and TEQIUP. The Board of Studies of the Department regularly updates the syllabus to meet the requirements of Industry and Academia. The Department is having well equipped labs and software for Virtual Instrumentation, VLSI Design, PCB Design, Signal Processing, Optical Networks etc. Various extracurricular activities are regularly organized by the students under the aegis of Association of Electronics Engineers for their overall development. The students of the Department are well placed in Govt. Sector, Private Sector, MNCs, Civil Services, Academics and R & D. A good number of students also go for higher education in IISc, IITs, IIMs and in reputed foreign universities for masters and doctoral programs.

The faculty of the Department is well qualified and associated with Institutes of repute like IITs, IISc, NITs and has published several papers in referred Journals and Conferences of National and International repute. The Faculty members of the Department are continuously involved in R & D activities with their research students. Several National Level Seminars, Conferences, Faculty Development Programs, Expert Lectures, Workshops etc have been organized by the department. The department is also growing in the term of infrastructure. Various grants has have been received by AKTU, TEQIP and RUSA (National Higher Education Mission) MHRD for equipment and separate building of the Department

### **Vision**

"Department of Electronics Engineering aims to deliver Technical Education in the field of Electronics and Communication Engineering, for producing Engineers and Technologists who are happy, healthy and competent professionals, motivated to serve the society through research & innovation."

### **Mission**

- To educate and train the students with state-of-the-art in Electronics and Communication Engineering.
- To prepare the students who are fit for meeting the requirements and challenges of the industry right at the time of their graduation by evolving a sustainable Industry-University interaction system for this.
- To upgrade the teaching standards through continued efforts toward improvement of the qualification and expertise of the teachers as well as supporting staff.
- To create awareness amongst the students towards socio-environmental technologies by offering related courses and organizing seminars/workshops on these topics in the university and by encouraging participation in similar activities at other places.
- To expand research and development activities in the frontier areas related to Electronics and Communication.
- To include the aspect of integration of environmental balance and human values in the curriculum.

- To provide academic support to other technical institutions at state & national level through the process of networking.
- To start social service programs like education for masses, particularly using the enhanced means of communication.

#### **Program Educational Objectives (PEOs)**

Program graduates, within three years from their graduation will;

PEO 1: Have knowledge of basic and applied sciences, so as to apply the necessary competence for technically sound, economically feasible and socially acceptable solutions of real life complex engineering problems.

PEO 2: Be fit for meeting the requirements and challenges of industries, research and academic institutions both at the national and International level, by applying expertise gained in area of electronics and communication engineering.

PEO 3: Be professionally competent with excellent communication and management skills along with being enterprising professionals and responsible citizens capable of delivering their services individually as well as in a collaborative framework.

### **5 Department of Mechanical Engineering**

The Department of Mechanical Engineering was established in 1964. It runs a regular B.Tech. programme in Mechanical Engineering with student intake of 60. Department runs a regular M.Tech. program in Computer Aided Design (CAD) with intake of 18 students. Department also offer two part-time programs namely - M.Tech. in Mechanical Engineering Design and M.Tech. in Industrial System Engineering with 10 seats each. Department is a recognized QIP Centre for PhD program with 2 seats. Department has committed faculty members and most of them have obtained their PhDs from reputed IITs / MNITs / Universities. Presently, four research projects sponsored by DST, CSTUP and DIC are running in the Department. Association of Mechanical Engineers (AME), a student chapter is also working in the Department.

#### **Vision**

"To produce quality Mechanical Engineers with knowledge, skill and creativity to cater to the needs of the industry and society."

#### **Mission**

- To offer academic programs in tune with the requirements of the industry.
- To undertake research and development activities for solving real life problems.
- To provide conducive environment for promoting creativity and innovation.

#### **Program Educational Objectives (PEOs)**

PEO 1: To develop understanding of basic Mechanical Engineering concepts.

PEO 2: To inculcate analytical capabilities for solving real -life problems.

PEO 3: To provide opportunities to work as a team and to develop leadership qualities.

PEO 4: To develop entrepreneurial capabilities.

PEO 5: To encourage and motivate students for self- learning.

## 2.2.2 School of Chemical Technology

### 1. *Department of Bio-Chemical Engineering*

The Department of Biochemical Engineering came in to its independent existence as a separate department with inception of Harcourt Butler Technical University(earlier known as H.B.T.I.),Kanpur in the month of September 2016. Earlier, the department was established in 1964 as twin department of Biochemical Engineering and Food Technology and completed 56 glorious years of its journey. The department is running four year full time undergraduate (B.Tech) program and two year full time postgraduate (M.Tech) program for award of B.Tech and M.Tech degree in Chemical Technology with specialization in Biochemical Engineering. In addition to this the department also offers admission to Ph.D program. The laboratories of the department are well equipped with modern facilities to meet necessities of various programmes and to acquaint the student with latest practices used in industries and research areas relevant to Biochemical Engineering and Biotechnology. The faculty members of the department are instrumental in enriching students with knowledge and skills that enable them to serve the industries and research organizations. The department has been granted various projects with financial assistance approved by reputed organizations for example CST, DBT, and World Bank. (TEQIP –I, TEQIP-II and TEQIP-III ) Recently, the department was awarded a project by CPCB Delhi. The department has successfully organized a number of National and International seminars, workshops, conferences, and Faculty Development Programs. Genesis is one such program organized almost every year by the students of the department reflecting creativity and productivity of students. The department is also actively involved in testing and consultancy work. The alumni of the department are highly placed in various industrial and other government and private sector organizations, contributing their best in growth and development of the nation and for benefit of the society. The department has a clear vision in enhancement of its capabilities in future by updating the faculty members and students with latest technical knowhows through modernization of laboratories and periodic review of syllabus.

#### **Vision**

"The Department of Bio-Chemical Engineering aspires to be globally recognized center to develop professionals with technical knowledge and skills, leadership qualities and strong ethical values for successful career in Biochemical and allied industries, research and development organizations."

#### **Mission**

- To develop state-of-the-art facilities to impart technical knowledge and skill to the graduate and post graduate students for Biochemical and allied industries and research organizations.
- To be a centre of research and development for betterment of society in Sustainable manner.
- To develop state-of-art the technologies for testing and consultancy for industry and society.
- To cultivate strong ethical values to be a successful professionals and to become life-long learners.

### **Program Educational Objectives (PEOs)**

PEO 1: To produce globally competent technical manpower in the field of Biochemical processing, product formation and in the allied areas to cater the need of the country.

PEO 2: To impart knowledge for development of innovative designs, production materials and processes for sustainable development of society.

PEO 3: To serve the industry to meet the challenges in terms of quality assurance and standardization to withstand the global competitiveness.

PEO 4: To be able to discharge duties with professional attitudes and ethics.

## **2. Department of Chemical Engineering**

Department of Chemical Engineering started in 1954 with two courses - AHBTI and FHBTI for undergraduate students. In 1958, two full-fledged undergraduate courses - four year Chemical Engineering and three year Chemical Technology programs for undergraduate students were started. Department has built-up a comprehensive research infrastructure with top- notch facilities for carrying cutting-edge teaching and research works. Department is a recognized QIP Centre for PhD program with 2 seats.

### **Vision**

"To emerge as a global leader in the areas of education and research in Chemical Engineering to handle the technological challenges in Chemical Engineering & allied fields and catering the requirement of present and future stakeholders and society."

### **Mission**

- To provide state-of-art technical education to the undergraduate and post graduate students.
- To create a conducive and supportive environment for the overall growth of our students.
- To cultivate awareness of social responsibilities in students to serve the society.
- To groom students with leadership skills helpful in Startups, professional ethics and accountability along with technical knowledge to face the changing needs of industry and environment.
- To impart consultancy services to the Chemical and Allied industries of the local region and state.

### **Program Educational Objectives (PEOs)**

PEO 1: Graduates from our department will be proficient in varied areas of Chemical Engineering that are industrially and academically significant such as Petroleum Refining, Process Control, Fertilizer Manufacturing, Molecular Modeling and Simulation and Nanotechnology.

PEO 2: Graduates will exhibit entrepreneurship, leadership and high professional skills while still maintaining ethical and moral values.

PEO 3: Graduates will continuously strive and align their activities for the betterment of the society.

### 3. ***Department of Food Technology***

The Department was established in 1964 as twin department of Bio-chemical Engineering and Food Technology. Department of Food Technology came into independent existence with the inception of Harcourt Butler Technical University, Kanpur on September 01, 2016. Department is running a B.Tech. program with intake of 30 students. It also offers a full time M.Tech. program in Chemical Technology with specialization in Food Technology. The Department has well equipped laboratories with modern facilities to meet out necessities of different programs. The Department was accredited by National Board of Accreditation thrice in 2003 for three years, 2008 for three years and 2013 for three years. Department has well equipped laboratories with modern facilities to meet out the necessities of students of department. The Association of Food Scientists and Technologists (India) Kanpur chapter is also working in the Department.

#### **Vision**

"To develop technically sound food technocrats, to cater the needs of food processing industries, Research & Development organizations and society."

#### **Mission**

- Imparting technical knowledge to develop human resources for food processing sectors.
- Imparting knowledge & technical skills for better processing and value addition of food & agro-products through R&D.
- Inculcating innovative thinking with the aim to support entrepreneurship and to develop state-of-art technologies for testing and consultancy to fulfill the needs of industry and society.
- Cultivating strong ethical values for sustainable modern and safe food to society.

#### **Program Educational Objectives (PEOs)**

PEO 1: Graduates of the program will contribute to the development of sustainable growth of the food processing sectors for the betterment of society.

PEO 2: Graduates of the program will accept and create innovations in providing a solution for sustainable technological development.

PEO 3: Graduates of the program will meet challenges in terms of quality assurance and standardization to withstand global competitiveness.

PEO 4: Graduates of the program will Exhibit professionalism, ethical attitude, team spirit and pursue lifelong learning for the betterment of society.

### 4. ***Department of Leather Technology***

The Department of Leather Technology was established in 1978 to meet the specific demand of skilled / trained manpower in the emerging areas of Leather Industry. The Department is running a B.Tech programme in Leather Technology with intake of 20 students.

#### **Vision**

"The Department of Leather Technology at HBTU aims at being a leader of innovation in the area of Leather to produce quality technologists of world standards to deliver the benefits of the developed technologies to the people."

**Mission**

- To achieve academic excellence and practical knowledge in the fields of Leather, Leather Application, and allied areas.
- To inculcate technical competence in students for formulation, manufacture and application of advanced Leather with eco-friendly and sustainable approach.
- To develop state-of-art facilities for testing and consultancy for industry to make the department a centre of excellence in the world of leather in global level.
- To develop indigenous and adaptable technologies related to Leather for small scale production and to develop entrepreneurial skills, towards betterment of society.
- To cultivate strong ethical values to be a successful professional and to become life - long learners.

**Program Educational Objectives (PEOs)**

PEO 1: To produce graduate and postgraduate who will be able to meet the requirements and challenges at National and international levels in the field of formulation, manufacture and application of leather and allied products

PEO 2: To inculcate in students the fundamental concepts related to Leather Production & applications to enable them to develop novel technologies to meet the global standards of eco-friendliness & sustain ability.

PEO 3. To produce Technologists with high moral values and professional ethics who can work with industry hand-in-hand for mutual benefits and to sensitize them for job creation for the society especially the rural community.

**5. Department of Oil Technology**

The Department of Oil Technology was established in 1921. It offers B.Tech. program in Oil Technology with intake of 30 students. Department also offers M.Tech. program in Chemical Technology with specialization in Oil Technology. Department was selected as Centre of Excellence on Applied Research Training and Education in Lipid Science under TEQIP-II. A new state-of-the-art Advanced Surfactant Laboratory has been developed through TEQIP-II funds. Department has excellent placement record. Department is birth place of Oil Technologists' Association of India (OTAI).

**Vision**

"Transforming the individuals into globally competent Chemical Technologists-Oil technological needs of industry and society."

**Mission**

- Provide quality education through innovation in teaching and learning practices meeting the global standards.
- Encourage faculty and students to carry out innovative, socially relevant and eco-efficient research.
- Offer consultancy services using state of the art facilities fulfilling the needs of the industry and society in the area of expertise.
- Enable our students, faculty and staff to play leadership roles for the betterment of the society in a sustainable manner.

### **Program Educational Objectives (PEOs)**

PEO 1: Graduates of the program will contribute to the development of sustainable growth of engineering and Oil Technology sector for the betterment of society.

PEO 2: Graduates of the program, as an employee of an organization or as an employer, will continuously update their domain knowledge for continuous professional development with focus on research & development and industry interaction.

PEO 3: Graduates of the program will accept and create innovations in providing solution for sustainable technological development.

PEO 4: Graduates of the program will discharge their duties as professional engineer and Oil Technologist with quality and ethics.

## **6. *Department of Paint Technology***

The education in Paint Technology was started in 1921 and later strengthened in 1964 with 3 years B.Tech. Programme after B.Sc. In 1991, it was converted to a four year B.Tech. program after Intermediate. Department has well furnished laboratory facilities, approved by Government, for providing the certificate to Government and private agencies related to paints. Almost 100% placement in renowned Paint Manufacturing and Paint Application industry e.g. Asian Paint, Maruti, Tata Motors, etc. Department is also authorised training centre in paint.

### **Vision**

"The department of paint technology aspires to achieve excellence in teaching -learning, research and innovation in Paint and allied areas."

### **Mission**

- To develop state of the art facilities to impart technical knowledge and skill to the graduate students for paint and allied industries and research organizations.
- To be a centre of research and innovation for betterment of society in sustainable matter.
- To develop state-of-the-art technologies for testing, training and consultancy for industry and society.
- To cultivate strong ethical values to be a successful professionals and to become life-long learners.

### **Program Educational Objectives (PEOs)**

PEO 1: Be globally competent in the field of pigments, resins, paints and additives processing and allied areas to cater the need of country.

PEO 2: Develop innovative designs, production of materials and processes for sustainable development of society.

PEO 3: Serve the industry to meet the challenges in terms of quality assurance and standardization to withstand the global competitiveness.

PEO 4: Discharge duties with professional attitudes and ethics.

## 7. ***Department of Plastic Technology***

The Department of Plastic Technology was established in 1921. It offers B.Tech. program in Plastic Technology with intake of 30 students. The Department hosts a student chapter named Polymer Engineers & Technologists Association (PETA).

### **Vision**

"The department of plastic technology aspires to achieve excellence in technical knowledge & skill, research and innovation on Plastics and Allied areas."

### **Mission**

- To develop state of the art facilities to impart technical knowledge and skill to the graduate and post graduate students for plastic and allied industries and research organizations
- To be a center of research and innovation for betterment of society in sustainable manner.
- To develop state-of-the-art technologies for testing and consultancy for industry and society.
- To cultivate strong ethical values to be a successful professionals and to become life-long learners.

### **Program Educational Objectives (PEOs)**

PEO 1: Graduates will be technically competent in the field of polymers, resins, processing and allied areas to cater the need of country.

PEO 2: Graduates will be able to innovate in designs, production of materials and processes for sustainable development of society.

PEO 3: Graduates will serve the industry to meet the challenges in terms of quality assurance and standardization to withstand the global competitiveness.

PEO 4: Graduates will discharge duties with professional attitudes and ethics.

## 2.2.3 **School of Basic & Applied Sciences**

### 1. ***Department of Chemistry***

The Department of Chemistry is one of the oldest departments of HBTU, Kanpur established in 1924. The department has formulated a dynamic and relevant curriculum for UG program being run in the University and possesses an excellent infrastructure. The basic aim of this department is to introduce new combination of theoretical studies, technologies in industrial applications and research oriented activities. To carry out research in cutting edge areas, both of basic and applied nature, at par with international standards the Ph.D. Students are educated and trained to become world class scientists. The department is globally recognized for its outstanding research in polymer science, solar energy conversion and storage, chemical kinetics, synthesis and evaluation of biological activities, water treatment, coordination chemistry and spectroscopy. The department has suitable infrastructure supported by modern equipments to train the students.

The department imparts education in Physical, Inorganic, Organic, Analytical and

Industrial Chemistry at U.G and Ph.D. level. The department has excellent research outputs that are comparable to any High profile academic institution. The department has completed several research programs/schemes sponsored by the national funding agencies like UGC, CSIR, DST, ICAR, DST, ICAR, UPGAST, AICTE etc. The qualified and depicted faculties of this department have published good number of research papers in National and International (around 430) journals of repute. The department also imparts testing and consultancy facilities to the industries of Kanpur and nearby areas to improve the quality of their products. The main strength of the department has been research and development for last nine decades.

### **Vision**

"The Department of Chemistry aims to train the students with conceptual and experimental tools required to understand the Chemistry from molecules to materials."

### **Mission**

- To awaken the young minds and discover their talents both in theory and practical
- To train and mentor students as responsible scientists and professionals for their involvement in all aspects of life.
- To encourage and train the students in the broadest and most liberal manner about the advancement of Chemistry in all of its branches through its education, research and service mission.
- To explore and advance new chemical frontier in the field of life sciences, physical sciences, medicine energy and materials.

## **2. *Department of Mathematics***

The Department of Mathematics has been striving hard for excellent teaching and research in Mathematical Sciences since its inception in 1961. The undergraduate and postgraduate students of various chemical technology and engineering departments are enriched/equipped with in-depth theoretical background of sophisticated applied mathematics required for modern scientific investigations and technological developments and practical training in numerical computing by following need-based designed curriculum. The Department runs a doctoral research programme for carrying out research in inter-disciplinary areas.

The faculty of the department are actively engaged in research in emerging thrust areas viz. mathematical modeling, ecological and environmental systems, mathematical biology, biomechanics, fluid mechanics of the eye and cerebrospinal fluid, blood flow dynamic etc. Facilities for interdepartmental and interdisciplinary research activities have also been evolved. The Department is well equipped with computing and internet facilities. A number of research projects sponsored by different organizations like CSIR, CST UP, UGC, DST and ICMR have been completed. Also, various conferences, seminars, workshops, summer and winter schools have been organized by the department. Apart from this, the faculty members of the department also regularly visit to deliver lectures in conferences and seminars outside. The experienced and dedicated team of faculty members have presented/ published good numbers of research papers. Nearly 66 students have been awarded Ph.D. degrees under the supervision of departmental faculty members and at present 07 students are registered for Ph.D. Programme.

**Vision**

"To produce excellent academicians / researchers in Mathematics for teaching/research in interdisciplinary applied thrust areas and to equip budding technocrats / engineers with sound mathematical / computing skills for social welfare."

**Mission**

- To impart mathematical education in order to explore and apply mathematical concepts for technological innovations through activities and experimentation.
- To train students with strong mathematical foundation for conducting research or for serving in industry.
- To inculcate the ability to apply mathematical and computational skills in students for modeling, formulation and solving real-life problems.

**2. DEPARTMENT OF PHYSICS**

The Department of Physics was established in 1961. It caters to the needs of undergraduate and post graduate students of Engineering and Technology. Department has very qualified faculty members and contributes handsomely to research activities of the University apart from PhD Program.

**Vision**

"To contribute significantly to the nation by excellent scientific, technological education and research by offering state of the art Undergraduate, Postgraduate and Doctoral programs."

**Mission**

- To provide state of the art teaching in physics to undergraduate students, so that they could be able to contribute significantly to the society so as to empower the mankind globally.
- To produce Ph.D. students with analytical skills, so that they could prove themselves as an asset to the society as a researcher, scientist, teachers and would be capable to handle the organization as a professional leader.

**2.2.4 School of Humanities & Social Sciences*****Department of Humanities***

The Department of Humanities was established in 1965. It caters to the needs of undergraduate and post graduate students of Engineering and Technology. It also offers courses to MCA students. Department has very qualified faculty members and contributes handsomely to research activities of the University. Department offers PhD admissions in Economics and Management streams.

**Vision**

"To achieve excellence in technical education, research and innovation."

**Mission**

- Imparting knowledge to develop analytical ability in Humanities and Social Sciences to serve the industry and society at large.

- To inculcate entrepreneurial philosophy and innovative thinking to promote research, consultancy and institutional social responsibility.
- To equip and enable people with managerial skills to transform the business organization and society.
- To work with people, society and nation to make sustainable development and quality of life.

### 2.3 FEES

The Fees structure for First Year students for different programs of the University are listed below. Students are required to pay any change in University Fee and / or other fee/charges as approved by the competent authority.

#### Fee Structure for Different Programs

## 2.6 Ordinances

In pursuance of the provision of Section 45 (1-3) of the Uttar Pradesh Harcourt Butler Technical University, Kanpur Act, 2016, all the undergraduate and postgraduate degree programs are to be run according to the Ordinances approved by Academic Council and Executive Council of the University. The Ordinances for B.Tech., M.Tech., MCA and Ph.D. programmes duly approved by Academic Council and Executive Council of the University as applicable to the new entrants from the Academic Session 2019-20 are reproduced at page 23-85 for the benefit of the students.

**ORDINANCES**  
**FOR**  
**BACHELOR OF TECHNOLOGY**

**(Effective from the session 2019-20 for new entrants)**

**HARCOURT BUTLER TECHNICAL UNIVERSITY**  
**KANPUR-208002 (UP) - INDIA**

**(Revised October, 2019)**

## **First Ordinances**

In pursuance of the provision of Section 45 (1-3) of the Uttar Pradesh Harcourt Butler Technical University, Kanpur Act, 2016, these are the first Ordinances for Harcourt Butler Technical University, Kanpur :

### **1. INTRODUCTION**

Short Title, Commencement and Definitions

- 1.1** These Ordinances shall be called the First Ordinances, 2017 of Harcourt Butler Technical University, Kanpur.
- 1.2** They shall come into force from session 2017-18 for new entrants.
- 1.3** Anything contained in Ordinances in violation to provisions of Act shall be invalid, and the provisions of Act shall prevail.
- 1.4** **In these Ordinances, unless the context otherwise requires,**
  - a) 'Act' means the Uttar Pradesh Harcourt Butler Technical University Act, 2016 as amended from time to time.
  - b) 'Section' means a section of the Act.
  - c) 'Clause' means a clause of the Ordinances.
  - d) 'University' means the Harcourt Butler Technical University, Kanpur.
- 1.5** Words and expression used herein but not defined in the Act shall have the same meaning as assigned to them in the Act.
- 1.6** The admission of students, eligibility to various courses of study, qualifications, attendance, registration, course structure, grading system, award of degrees, certificates, medals and other academic distinctions are covered in these Ordinances.
  - a) The 'University' may start other Degree, Diploma, Certificate programmes and other academic distinctions as deemed necessary for fulfilling its objectives. The Ordinances for the same shall be as prescribed by the Academic Council and the Executive Council.
  - b) The 'Courses of Study' shall be as prescribed by the Academic Council and approved by the Executive Council.
  - c) Fellowships and Awards shall be instituted as per the requirements with approval of the Vice Chancellor under intimation to the Academic Council and the Executive Council.

### **2. SCHOOLS AND PROGRAMMES OF STUDY**

The University offers B.Tech. programmes under different Schools of the University as detailed hereunder :

#### **A. School of Engineering**

- B. Tech. (Electronics Engineering)
- B. Tech. (Electrical Engineering)
- B. Tech. (Mechanical Engineering)
- B. Tech. (Civil Engineering)
- B. Tech. (Computer Science & Engineering)
- B. Tech. (Information Technology)

## **B. School of Chemical Technology**

- B. Tech. (Chemical Technology-Plastic Technology)
- B. Tech. (Chemical Technology-Paint Technology)
- B. Tech. (Chemical Technology-Oil Technology)
- B. Tech. (Chemical Technology-Biochemical Engineering)
- B. Tech. (Chemical Technology-Leather Technology)
- B. Tech. (Chemical Technology-Food Technology)
- B. Tech. (Chemical Engineering)

## **C. School of Basic and Applied Sciences**

Presently, no programme is being offered at the undergraduate level. However, the faculty member of this School offers Basic Science Courses ( BSC) to undergraduate, Post graduate and Ph.D students of the University.

## **D. School of Humanities and Social Sciences**

Presently, no programme is being offered at the Undergraduate level. However, the faculty members of this School offer Humanities, Social Science and Management Courses (HSMC) to Undergraduate, Post graduate and Ph.D students of the University.

## **3. ADMISSIONS**

- 3.1** The University offers Full Time B.Tech. Degree programmes in various disciplines of Engineering and Technology.
- 3.2** Admissions to B.Tech. programmes shall be made as per the rules prescribed by the University from time to time.
- 3.3** The admissions shall be based on the merit of the candidates in JEE (Main) / any other National Level Entrance Examination as specified by the University.
- 3.4** *Admission to B. Tech. programme through lateral entry for Diploma holder candidates is allowed directly in Second year (third semester). These admissions shall be based on the merit of the candidates in the National Level Entrance Examination conducted by the University. This clause shall come into effect only after due approval from the State Government.*
- 3.5** The reservation policy as prescribed by the U.P. State Government or its directions issued from time to time shall be adhered to by the University.
- 3.6** **(A)** *A total of 20% seats within the sanctioned seats shall be reserved for candidates from outside the state of Uttar Pradesh. For such candidates, the domicile criterion of UP shall not be applicable. However, reservation shall be as per all India norms (only vertical reservation) will be applicable to the candidates from other states. This clause shall come into effect only after due approval from the State Government.*  
**(B)** *Admission to NRI/Foreign Nationals(FN)/Persons of Indian Origins(PIO/ Overseas citizens of India (OCI)/Children of Indian Workers Working in Gulf Countries(CIWWGC), candidates who possess prescribed qualifications may get admission in Ist year B.Tech. against the seats approved from AICTE for the purpose on merit and/or through National Level Exam (as applicable) subject to the instructions of Government of UP/AICTE.*

3.7 Admission of a candidate from any other University to Harcourt Butler Technical University on migration shall not be permitted.

3.8 If at any time after admission, it is found that a candidate has not fulfilled all the requirements stipulated in the offer of admission or has resorted to some fraudulent means to obtain admission; the University reserves the right to cancel the admission of the candidate.

#### 4. **ELIGIBILITY**

Qualifications for admission to B.Tech. programme shall be as per the provisions of the Ordinances and the decisions of the Academic Council/Admission Committee of the University.

##### 4.1 **Admission through Entrance Examination**

The candidate must have clearly passed 10+2 qualifying examination from U.P. Board or its equivalent any other Board / University with a minimum of five subjects in which Physics and Mathematics are compulsory subjects along with one of the subjects from Chemistry / Biotechnology / Biology/ Computer Science as Technical Vocational subject. Candidates must obtain at least 60% marks (55% in case of the candidates belonging to SC/ST category) in aggregates in above three subjects. In addition, all other eligibility conditions for appearing in JEE (Mains) Examination shall be applicable to the candidates for all admission reservation and domicile shall be as per UP Government rules.

##### 4.2 **Direct Admission to Second Year through Lateral Entry Scheme**

The Candidates of UP domicile, who have passed 3 or 4 year Diploma with a minimum 60% mark without grace from institutions recognized by the U.P. Board of Technical Education or equivalent in the relevant branch of Engineering/Technology as the one in which he/she intends to take admission in B. Tech. Programme shall be eligible for admission directly to the second year as per AICTE norms. The candidates of UP domicile, who have passed B.Sc. in Physics and Mathematics *as compulsory subject and any one from Chemistry/ Electronics/ Information Technology/ Computer Science/Biotechnology/Statistics etc. as optional subject*, with 60% marks without grace in aggregate from a recognized University shall also be eligible for admission in B.Tech. second year subject to availability of seats remaining from Diploma holders. The admission under this category shall be made through a National Level Entrance Examination conducted by the University.

#### 5. **PROGRAMME DURATION**

5.1 The duration of all B. Tech. programme shall be four academic years (eight semesters).

5.2 The duration for Diploma holder candidates admitted through lateral entry in Second Year shall be of three academic years (six semesters).

5.3 Maximum duration for completion of B. Tech. programme is six years while for Diploma holder candidates, it shall be five years. Additional relaxation of one year may be granted by the Vice Chancellor on case to case basis on specific recommendation of Head of the Department, concerned Dean of School and Dean of Academic Affairs. Admission of the candidates who are not able to complete their degree requirements in stipulated period shall automatically be cancelled.

5.4 Each semester shall have a minimum of 90 working days (including the days of examinations) or as prescribed by AICTE/ UGC from time to time.

5.5 There shall be two regular semesters in one academic year. The semester that begins in July (July to December) is known as the Odd Semester and the one that begins in January (January to May) is known as the Even Semester.

## 6. CHANGE OF BRANCH

6.1. Change of branch amongst the students in First year (having same eligibility qualifications) shall be allowed after the last date of admission in First semester of the B.Tech. programmes on the basis of merit in the JEE (Mains) against the vacant seats. In this regard an undertaking is to be given by the interested candidates.

6.2 Change in branch shall be allowed in the Second year (III semester) on the basis of (a) performance in B.Tech. First year (both semesters)(b) candidates allotted category and (c) branch choice preference to those who passed without any carry over subject to the guidelines prescribed by UP State Government.

6.3 After change of branch, the number of students in that branch shall neither fall below the sanctioned intake by more than seventy five percent nor go above the sanctioned intake. For this purpose, the intake refers to the total sanctioned intake in the class inclusive of NRI students but excluding the admissions granted on supernumerary seats such as the Government nominees, PMSSS, Kashmiri migrants students, lateral entry etc. The branch change option shall not be applicable to the NRI candidates, Government nominees and any other supernumerary seats.

6.4 A candidate admitted under Tuition Fee-Waiver(TFW) *& Economically Weaker Section(EWS)* category shall be eligible for branch change only in Fee Waiver *& EWS* category, *respectively*.

6.5 The last date of branch change in the III semester shall be August 31<sup>st</sup> of that year.

6.6 Further change of branch (after III semester) shall not be allowed in any case.

## 7. ATTENDANCE

7.1 Students are required to attend all the classes: lectures, tutorials, practical's, projects and other prescribed curricular and co-curricular activities. However, a condonation of 25 percent attendance may be granted in normal course during the semester.

7.2 A further relaxation of 15 percent can be granted by the Vice Chancellor on specific recommendations of the concerned Head of the Department/Dean of School, provided that the student was absent on medical grounds and / or due to any exigencies beyond the control of the student. In such cases a prior permission from concerned Head/Dean of School is required. In case of medical exigencies, the student is required to report immediately after the medical fitness issued by the hospital.

7.3 No student shall be allowed to appear in the Mid Semester / End Semester Examination of a subject, if he / she does not have requisite 75 percent (or requisite 60% after availing relaxation as per the provisions of **Clause 7.2**). Students not allowed to appear in the examination due to poor attendance shall be awarded 'U' grade such candidates, who do not fulfill the eligibility of minimum attendance in end semester examination have to register a fresh in subsequent year.

7.4 The attendance shall be counted from the date of start of academic session or the actual date of admission/registration. The commencement of classes shall begin one day after the date of registration.

## 8. CURRICULUM STRUCTURE

8.1 (A) The University follows a Credit Based Evaluation System. Every programme shall have a specific curriculum for all semesters (semester I to semester VIII) consisting of theory, practical, seminar and project work etc. The departments of University Schools are allowed minor modifications / adjustments in course distributions. Different types of courses and their credits are listed in Table 1.

*A maximum of 20% Elective Courses in Final Year only may be offered through Massive Open Online Courses (MOOC). However, the evaluation of such courses shall be through in-house examination. For evaluation of Mid Semester and End Semester Examinations, Subject Coordinators shall be nominated. Any other issue pertaining to selection of MOOC by a student shall be decided by the Committee constituted as per the provisions of Clause 9.7 of these Ordinances.*

Each course is assigned a credit weightage depending upon the academic workload for a subject per week. One hour lecture / tutorial is equivalent to one credit while 2-3 hours practical / project work is equivalent to one credit. First Year students have a workload of 20 credits per semester while second year and onwards students have a work load of 22 credits per semester. Total workload for all B.Tech. degree programme of the University is uniformly 172 credits.

All the Chemical Engineering related subjects as recommended by Board of Studies (BoS) of Chemical Technology Departments taught by Department of Chemical Engineering are considered as PCC for the respective branches of Chemical Technology.

#### 8.2 Seminar

Seminar is a course wherein a student is expected to do in-depth study on upcoming field of the respective branch and present it before a duly constituted Department Committee comprising of the concerned Head, Seminar In-charge and Supervisor. Seminar shall involve the state of the art, principles, design criteria and practical applications of the topic.

#### 8.3 Industrial Training

Students shall have to undergo a 4 to 8 weeks industrial/ practical training at the end of VI Semester. This industrial training could be carried out in an industry, research organizations, other institute or any other organization of repute in the subject domain. Once the industrial training is complete, the student shall have to submit a report cum Training Diary to the concerned Head of Department through the In-charge, industrial Training. The evaluation of Industrial Training shall be done in the VII semester by a duly constituted Department Committee comprising of the Head, industrial Training In-charge and a senior faculty of the Department. Students who are selected and have undergone industrial Training/ Internship of eight weeks duration, a fifteen days relaxation will be allowed for registration without any late fee. This duration will be treated as academic leave for the purpose of attendance calculation.

#### 8.4 Mandatory Courses

These are the courses which do not carry any credits but a student is required to pass these courses in order to be eligible for award of Degree.

#### 8.5 NSS Training & University Student Activity Council (USAC) Programmes

**The participation in any one activity group 'A' (NSS/Sports/Cultural) and any one activity in Group 'B' (Social & Print Media/ Technical/ Literary/ Hobby/ Photography/ Yoga) is compulsory (total two activity minimum) for all undergraduate students. The activities are meant for character building, physical fitness and sensitize the students towards social and national issues. Students are required to participate and complete the above activities up to first six semesters. Although these activities carry no credit but a students must have to obtain 'S' Grade for satisfactory performance in above indicated activities in each semester and will be certified by the respective conveners of the councils/ clubs/ programmes, however the decision of DSW/ Chairman USAC will be final.**

### 9. GRADING AND EVALUATION SCHEME

#### 9.1 Grading System

Students are evaluated out of a maximum 100 marks in each subject. On the basis of marks obtained by the student, grades shall be awarded as per the Grading Scheme presented in Table 2. Depending upon the performance of the student in all the subjects offered during the semester, Semester Grade Point Average (SGPA) shall be calculated.

Marks (Out of 100)	Grade Obtained	Grade Points	Description
90 and above	<b>A+</b>	10	Outstanding
80 and above	<b>A</b>	9	Excellent
70 and above	<b>B+</b>	8	Very Good
60 and above	<b>B</b>	7	Good
50 and above	<b>C</b>	6	Average
40 and above	<b>P</b>	5	Pass
Less than 40	<b>F</b>	0	Fail
	<b>W</b>	-	Withdrawn
	<b>U</b>	-	Short Attendance
	<b>I</b>	-	Incomplete
	<b>S</b>	-	Satisfactory in USAC Activities

#### 9.2 Evaluation Scheme

The evaluation of performance shall comprise of continuous assessment throughout the semester in the Mid Semester Examinations, End Semester Examinations and Teachers' Assessment through class work and tutorials. Evaluation Scheme is presented in Table 3 for different types of courses.

*Irrespective to marks/grade obtained by the student in a particular subject, it is mandatory to secure 40% marks in total (sessional and end semester examination) to pass that particular subject. Out of which minimum 30% (15 marks) in theory subject in end semester is essential. "I" grade shall be given to the students who leaves the course midway during the semester. "W" grade shall be given to the students who withdraw from a course during the semester. Students not allowed to appear in the examinations due to poor attendance shall be awarded "U" grade.*

### 9.3 Calculation of SGPA, YGPA and CGPA

The performance of a student shall be evaluated in terms of *three* indices : Semester Grade Point Average (SGPA) which is Grade Point Average for a Semester, *Yearly Grade Point Average (YGPA) and* Cumulative Grade Point Average (CGPA) which *will be calculated at the end of final semester cumulatively.*

#### I. Semester Grade Point Average (SGPA)

$$\text{SGPA} = \frac{\sum (\text{Credit weight of a subject} \times \text{Grade point earned in the subject})}{\sum \text{Total credits for all subjects offered during Semester}}$$

#### II. Yearly Grade Point Average (YGPA)

$$\text{YGPA} = \frac{(\text{SGPA for odd sem} \times \text{Total credit of odd sem}) + (\text{SGPA for even sem} \times \text{Total credit of even sem})}{\text{Total credits offered in the current year (Odd and Even Semester)}}$$

#### III. Cumulative Grade Point Average (CGPA)

$$\text{CGPA} = \frac{\sum (\text{SGPA} \times \text{Semester total credits for all semesters})}{\text{Total credits of all eight semesters}}$$

The CGPA is calculated on the basis of all passed courses with 'P and above grades'.

**For Training & Placement requirements, CGPA of the student up to his/her recent completed semester may be computed for reporting purpose.**

### 9.4 Award of Division

CGPA 7.500 or above	First Division with Honors
CGPA 6.500 or above	First Division
Below a CGPA 6.500	Second Division

### 9.5 Conversion of CGPA to Absolute Percentage

$$\text{CGPA} \times 10 = \text{Absolute Percentage}$$

**16. CHALLENGE EVALUATION, AWARD OF MARKS AND ELIGIBILITY OF TEACHERS FOR REVALUATION:**

**A. Challenge Evaluation**

- a. Challenge Evaluation of answer script will be carried out only for the latest semester whose result has been declared.
- b. The students of all B.Tech courses appearing for the University examinations are eligible to apply for revaluation of answer scripts in all theory subjects.
- c. There will be a single notification inviting applications from the students, to apply for Challenge Evaluation of Answer Scripts mentioning the last date.
- d. Students may apply for Challenge Evaluation by paying the requisite fee of Rs. 5000.00 (Rs. Five thousand only) per subject. This fee may vary in future as decided by the university. After the last date, additional time may be granted, subject to the approval from the competent authority. However, under such case, student will have to pay a late fine (non-refundable) for applying for Challenge Evaluation as decided by the university from time to time.
- e. A student cannot apply Challenge Evaluation of answer scripts in the subjects other than the THEORY subjects.
- f. After the last day of application for challenge evaluation, the Controller of Examination Office shall initiate the process of challenge evaluation as per the procedure detailed hereunder:
  - i. Each answer script marked for Challenge Evaluation will be revaluated by two evaluators.
  - ii. After the revaluation, if the difference between the marks awarded by the two re-evaluators is more than 20% of maximum marks of that subject, then such scripts shall be evaluated once again by a third examiner (who has not evaluated the script in the first revaluation).

**B. Award of Marks after Revaluation**

- i. If the average marks of two revaluators after revaluation is higher/lesser than the original marks, the revaluation marks shall be awarded to the students in that subject.
- ii. In case of revaluation as discussed in section 16.f(ii) marks to the student shall be awarded in following manner :

**Case: I**

If the difference of marks awarded by two revaluators is more than 20% of maximum marks for a given subject, and the answer script is revaluated by a third examiner, average of Two Nearest Marks shall be awarded.

First revaluation Marks	Second revaluation Marks	Difference between I & II revaluator	Third revaluation Marks	Final Marks after Revaluation
15	40	>20%	48	44
25	28	≤20%	Not. Reqd.	27

## Case: II

When the difference between the nearest two marks in the first, second and the third revaluation is approximately equal then average of Two Higher Marks shall be awarded.

First revaluation Marks	Second revaluation Marks	Difference between I & II revaluator	Third revaluation Marks	Final Marks after Revaluation
19	40	>20%	59	50

- In case of average being a fraction, for all above cases the awarded mark shall be rounded to the next higher number.
- The University will display the Original Marks, Marks after challenge evaluation, on the website and result of the subject will be upgraded/uploaded.

### C. Eligibility of Teachers for Revaluation:

The faculty members who will be evaluating the script during revaluation must possess minimum five years of teaching experience and have experience of teaching that subject. If required, expert examiners from other University/Institutions may also be appointed as evaluators.

c) Fellowships and Awards shall be instituted as per the requirements with approval of the Vice Chancellor under intimation to the Academic Council and the Executive Council.

### **2. SCHOOLS AND PROGRAMMES OF STUDY**

The University offers M. Tech. programmes under different Schools of the University, as detailed hereunder:

#### **A. M.Tech. Full Time Programmes**

##### **a) School of Engineering**

M.Tech. in Environmental Science and Engineering (Dept. of Civil Engineering)

M.Tech. in Computer Aided Design (Dept. of Mechanical Engineering)

M.Tech. in Electronics and Communication Engineering (Dept. of Electronics Engineering)

##### **b) School of Chemical Technology**

M. Tech. in Chemical Engineering (Dept. of Chemical Engineering)

M.Tech. in Chemical Technology-Biochemical Engineering (Dept. of Biochemical Engineering)

M.Tech. in Chemical Technology-Food Technology (Dept. of Food Technology)

M.Tech. in Chemical Technology-Oil Technology (Dept. of Oil Technology)

The process of restarting M.Tech.in Chemical Technology-Paint Technology (Department of Paint Technology) and M.Tech. in Chemical Technology-Plastic Technology (Department of Plastic Technology) is under way.

#### **B. M.Tech. Part Time Programmes**

M.Tech. in Structural Engineering (Dept. of Civil Engineering)

M.Tech. in Soil Mechanics & Foundation Engineering (Dept. of Civil Engineering)

M.Tech. in Power Electronics and Control (Dept. of Electrical Engineering)

M.Tech. in Mechanical Engineering Design (Dept. of Mechanical Engineering)

M.Tech. in Industrial Systems Engineering (Dept. of Mechanical Engineering)

M.Tech. in Chemical Engineering (Dept. of Chemical Engineering)

### **3. ADMISSIONS**

- 3.1 University offer M.Tech. degree programmes (Full-time / Part-time) in various disciplines of Engineering and Technology.
- 3.2 Admission to M.Tech. programmes will be made as per the rules prescribed by the University from time to time.
- 3.3 The reservation policy shall be governed by U.P. State Government or as prescribed by the University from time to time.
- 3.4 Admission of a candidate from any other University to Harcourt Butler Technical University, Kanpur on migration shall not be permitted.
- 3.5 If at any time after admission, it is found that a candidate has not fulfilled all the requirements stipulated in the offer of admission or has resorted to some fraudulent means to obtain admission, the University reserves the right to cancel the admission of the candidate.

### **4. ELIGIBILITY**

- 4.1 Candidates who have passed the Bachelor's degree in relevant discipline of Engineering/ Technology or equivalent with first division are eligible for the admission to M.Tech. programmes.
- 4.2 Specific details regarding eligibility criteria for admission to various M.Tech. programmes shall be given by the University at the time of admission.
- 4.3 Preference will be given to candidates with valid GATE score. No written test shall be conducted for the GATE qualified candidates for their admission.
- 4.4 In the absence of candidates with valid GATE score, candidates without valid GATE score may be admitted on the basis of written test carried by the University. Mere fulfilling the minimum eligibility criteria does not guarantee the candidate to get admission in M. Tech. programme.
- 4.5 Modification in rules for admission shall be made as per the provisions of UGC / AICTE on approval from the competent authority.
- 4.6 The Academic Council of the University has the power to repeal or modify the eligibility criteria for admissions.

A relaxation of 5% of marks in minimum qualifying marks is permissible (without grace marks) candidates belonging to **SC/ST** category for admissions to M.Tech. (Full-time) programs.

## 5. PROGRAM DURATION

- 5.1 The duration of M.Tech. programme for Full time students shall be two academic years (four semesters). Part time M.Tech. programme duration is three academic years (six semesters).
- 5.2 The duration of each semester shall be of 90 working days or as prescribed by the University from time to time.
- 5.3 There shall be two regular semesters in an academic year. The semester that begins in July (July to December) is known as the Odd Semester and the semester that begins in January (January to May) is known as the Even Semester.
- 5.4 The maximum time allowed for completion of M.Tech. programme for Full time students shall be three years and five years for the Part-time students. However, an extension of maximum one year may be granted on the approval of Vice Chancellor on case to case basis on the specific recommendations of Head of the Departments, Dean of concerned School and Dean of Academic Affairs. Admission of those candidates who are not able to complete their degree requirement in the stipulated period shall automatically be cancelled.

## 6. CATEGORY OF STUDENTS

### a) Full Time

A student in this category works full-time for acquiring his / her M.Tech. degree. He/she will be eligible to receive assistantship/scholarship from the University or any other recognized funding agency as per rules (subject to availability of funds).

### b) Sponsored

A student in this category is sponsored by a recognized R&D organization, Academic Institution, Government Organization or Industry for doing M.Tech. in the University on full-time basis. A minimum work experience of two years is required. **The experience in an Organization/Industry/Institution of less than 03 months will not be counted to calculate the total duration of 02 years.** The University shall not provide any assistantship / scholarship to such students.

### c) Part Time

A student working in an organization within 100 kilometers distance from the University and fulfilling all other eligibility criteria may be considered for admission to M.Tech. programmes under this category. **A minimum work experience of two years is required. The experience in an Organization/ Industry/ Institution of less than 03 months will not be counted to calculate the total duration of 02 years.**

## 7. SCHOLARSHIPS AND FELLOWSHIPS

Students admitted with valid GATE Score shall be eligible for GATE scholarship sponsored by Ministry of Human Resource Development (MHRD). University Fellowship / Teaching Assistantship may be given to the non-GATE students as per the availability of finances. Some departments in the University are recognized QIP centers wherein in-service candidates may seek admission under QIP scheme of MHRD.

## 8. ATTENDANCE

- 8.1** Students are required to attend all the classes - lectures, tutorials, practical, research works and other prescribed curricular and co-curricular activities. However, a condonation of 25% in attendance may be granted in normal course during the semester.
- 8.2** A further relaxation of 15 percent can be granted by the Vice Chancellor on specific recommendations of the concerned Head of the Department/Dean of School, provided that the student was absent on medical grounds and / or due to any exigencies beyond the control of the student. In such cases a prior permission from concerned Head/Dean of School is required. In case of medical exigencies, the student is required to report immediately after the medical fitness issued by the hospital.
- 8.3** No student shall be allowed to appear in the Mid Semester / End Semester Examination of a subject, if he / she does not have requisite 75 percent (or requisite 60% after availing relaxation as per the provisions of **Clause 8.2**). Students not allowed to appear in the examination due to poor attendance shall be awarded 'U' grade such candidates, who do not fulfill the eligibility of minimum attendance in end semester examination have to register a fresh in subsequent year.
- 8.4** The attendance shall be counted from the date of start of academic session or the actual date of admission/registration. The commencement of classes shall begin one day after the date of registration.

## 9.(A) CURRICULUM STRUCTURE

The University follows a Credit Based Evaluation System. Every program shall have a specific curriculum for all semesters consisting of theory, practical, seminar, mini project, dissertation work etc. as listed in Table 3.

Table 3. Different Types of Courses and Their Credits

S. No.	Category of Courses	Credits (For Regular Program) SoE	Credits (For Regular Program) SoCT	Credits (For Part-Time Program)

## 10. GRADING AND EVALUATION SCHEME

### 10.1 Grading System

Students are evaluated out of a maximum 100 marks in each subject. On the basis of marks obtained by the student in the subject, grades shall be awarded as per the Grading Scheme presented in Table 4. Depending upon the performance of the student in all the subjects offered during the semester, Semester Grade Point Average (SGPA) shall be calculated.

Marks (Out of 100)	Grade Obtained	Grade Points	Description
90 and above	<b>A+</b>	10	Outstanding
80 and above	<b>A</b>	9	Excellent
70 and above	<b>B+</b>	8	Very Good
60 and above	<b>B</b>	7	Good
50 and above	<b>P</b>	6	Pass
Less than 50	<b>F</b>	0	Fail
	<b>W</b>	-	Withdrawn
	<b>U</b>	-	Short Attendance
	<b>I</b>	-	Incomplete
	<b>S</b>	-	Satisfactory in USAC Activities

### 10.2 Evaluation Scheme

The evaluation of performance shall comprise of continuous assessment throughout the semester in the Mid Semester Examinations, End Semester Examinations and Teachers' Assessment through class work and tutorials. Evaluation Scheme is presented in Table 5 for different types of courses.

*Irrespective to marks/grade obtained by the student in a particular subject, it is mandatory to secure 50% marks in total (sessional and end semester examination) to pass that particular subject. Out of which minimum 30% (15 marks) in theory subject in end semester is essential. "I" grade shall be given to the students who leaves the course midway during the semester.*

***“W” grade shall be given to the students who withdraw from a course during the semester. Students not allowed to appear in the examinations due to poor attendance shall be awarded “U” grade.***

### 10.3 Calculation of SGPA, YGPA and CGPA

The performance of a student shall be evaluated in terms of **three** indices: Semester Grade Point Average (SGPA) which is Grade Point Average for a Semester, **Yearly Grade Point Average (YGPA) and** Cumulative Grade Point Average (CGPA) which **will be calculated at the end of final semester cumulatively.**

#### I. Semester Grade Point Average (SGPA)

$$\text{SGPA} = \frac{\sum (\text{Credit weight of a subject} \times \text{Grade point earned in the subject})}{\sum \text{Total credits for all subjects offered during Semester}}$$

#### II. Yearly Grade Point Average (YGPA)

$$\text{YGPA} = \frac{(\text{SGPA for odd sem} \times \text{Total credit of odd sem}) + (\text{SGPA for even sem} \times \text{Total credit of even sem})}{\text{Total credits offered in the current year (Odd and Even Semester)}}$$

#### III. Cumulative Grade Point Average (CGPA)

$$\text{CGPA} = \frac{\sum (\text{SGPA} \times \text{Semester total credits for all semesters})}{\text{Total credits of all four semesters}}$$

The CGPA is calculated on the basis of all passed courses with ‘P and above grades’. **For Training & Placement requirements, CGPA of the student up to his/her recent completed semester may be computed for reporting purpose.**

### 10.4 Award of Division

CGPA 7.500 or above	First Division with Honors
CGPA 6.500 or above	First Division
Below a CGPA 6.500	Second Division

### 10.5 Conversion of CGPA to Absolute Percentage

$$\text{CGPA} \times 10 = \text{Absolute Percentage}$$

**Table 5: Evaluation Scheme**

Sr. No.	Course Title	Sessional Marks				ESM	Total Marks
		MSE	TA	Lab	Total		
1.	Theory Course (L-T-P)	30	20	-	50	50	100
2.	Theory cum Lab. Courses (L-T-P)	15	20	15	50	50	100
3.	Lab Course	-	20	30	50	50	100
4.	Seminar	-	50	-	50	50	100
5.	Dissertation	-	50	-	50	50	100

### 10.6 Evaluation Scheme for Dissertation (in Semester III)

Dissertation courses may include a theoretical /experimental / numerical / analytical modeling, simulation and analysis, experimental investigation, a prototype design, product design and development etc. A dissertation grade is awarded in Semester III.

The Dissertation work will be evaluated in III semester by Department Post Graduate Committee (DPGC) consisting Head of Department, Supervisor (**or one senior faculty member of the Department in case supervisor himself is head of department**) and a senior faculty from other Department to be nominated by the Vice Chancellor.

### 10.7 Evaluation Scheme for Dissertation work (in Semester IV)

Evaluation of Dissertation in Semester IV will be held only after the student has secured pass grades in all the courses. Dissertation work will be allowed **for** submission only after pre-submission presentation before DPGC is found to be satisfactory.

Student is required to have publications for his / her research work for grant of permission for thesis submission. One of the following criteria should be fulfilled.

- a) One publication / acceptance for publication in a reputed International Journal. **OR**
- b) Two publications / presentations in International Conference(s) out of which one may be a poster presentation. **OR**
- c) Two publications in National Journal of repute.

Evaluation of Dissertation work and final viva-voce will be conducted by External Examiner. Discipline wise list of refereed/reputed journals (International and National) **will be considered, as prescribed by UGC/AICTE, or any other regulatory body.** *In case, a student is allowed to work with a co-supervisor in an industry/ research organization / Institute/University outside HBTU Kanpur, a certificate about the completion of work will be required by the concerned Supervisor.*

### 10.8 Make-up Examination

Students who are not able to appear in Mid Semester Examination for genuine reasons such as hospitalization or representing the University in Sports/ Conference etc. are required to seek PRIOR permission from their Head of Departments and Dean of the concerned School for grant of permission for Make-up Examination. **In case of hospitalization, a written intimation within 10 days of hospitalization is MANDATORY.** Make-up Examination will be conducted one week before the End Semester Examination and shall cover the whole syllabus till date.

## 11. CARRY OVER EXAMINATION

Student with 'F' grade in any subject will be required to appear for Carryover Examination in the subsequent years. However, the Sessional Marks obtained by these students will remain the same.

## **12. SUPERVISION OF RESEARCH WORK**

### **12.1 Allotment of Supervisor**

- a. Thesis supervisor for a student will be appointed from amongst the faculty members of the Department / University.
- b. Departments will evolve modalities for appointing supervisors keeping in view the aspirations of the students and interest of the faculty members.
- c. Generally, no student will have more than one supervisor from the same department / discipline / specialization. However, two supervisors may be allowed by the Vice Chancellor in special cases.
- d. No change in thesis supervisor will generally be allowed. However, change may be allowed by the Vice Chancellor on specific recommendation of Head of the Department and Dean of concerned School on valid academic /administrative reasons. In case of a change of supervisor, student will not be allowed to submit the thesis earlier than three months from the date of such change/addition.
- e. No change/addition of supervisor is allowed after the thesis submission.

### **12.2 Allotment of Research Topic**

- a. Department shall notify the research area of all faculty members of the Department for the benefit of the students. Head of the Department will ensure that a student gets a supervisor in research area of his/her choice. Broad area of thesis must be finalized in II/III semester. In case of change in the thesis / research area, the students will not be allowed to submit the thesis before six months from the date of such change. No such change will be allowed in Final Semester.
- b. Students are required to make a brief presentation of their thesis topics, objectives and methodology of research work within a month of commencement of III Semester for the approval from the DPGC.

### **12.3 Change of Research Area**

Change of research area will be allowed in rare cases in case to case basis on the recommendation of concerned Head and Dean of the school.

### **12.4 Monitoring of Research Work**

Students are required to have two presentations in a semester before DPGC. Supervisor will continuously monitor and assess the performance of the student during the Semester.

### **12.5 Evaluation of Research Work**

- a. After completion of research work, the candidate shall submit a written application for internal presentation. Student shall submit a copy of thesis with a certificate from the Supervisor that the research work is complete and free from plagiarism. Student is also required to fulfilled publications related requirement for grant of permission for internal presentation.

- b. On satisfactory pre submission presentation before DPGC candidate shall be allowed to submit one copy of thesis to the Head of the Department. The participation in any one activity group 'A' (NSS/Sports/ Cultural) and any one activity in group 'B' (Social & Print Media/ Technical/ Literary/ Hobby/ Photography/ Yoga) is compulsory (total two activity minimum) for all postgraduate students. These activities are meant for character building, physical fitness and sensitize the students towards social and national issues. The students are required to participate and complete the above activities up to first three semesters, although these activities carry no credit but the

student must have to obtain 'S' Grade for satisfactory performance in the above indicated activities in each semester and will be certified by the respective conveners of the councils/ clubs/ programmes, however the decision of DSW/ Chairman USAC will be final in case of any dispute.

## 6. GRADING SYSTEM AND ASSESSMENT PROCEDURE

### 6.1 Grading System

Student is evaluated out a maximum mark of 100 in each subject. On the basis of marks obtained by the student in the subject, grades shall be awarded as per the grading scheme presented in Table 2. On the basis of performance of the students in all the subjects offered during the semester, Semester Grade Point Average (SGPA) is calculated.

### 6.2 Evaluation Scheme

The evaluation of performance shall comprise of continuous assessment throughout the semester in the Mid Semester Examinations, End Semester Examinations, Attendance in class and Teacher Assessment through class work and Tutorials. Evaluation scheme is presented in Table 3 & 4 for different type of courses.

Table 2: Grading Scheme

Marks (Out of 100)	Grading Obtained	Grade Points	Description
90 and above	A+	10	Outstanding
80 and above to less than 90	A	9	Excellent
70 and above to less than 80	B+	8	Very Good
60 and above to less than 70	B	7	Good
50 and above to less than 60	P	6	Pass
Less than 50	F	5	Fail
	W		Withdrawn
	U		Short Attendance
	I		Incomplete
	S		Satisfactory in USAC Activities

### 6.3 Calculation of SGPA, YGPA and CGPA

The performance of a student shall be evaluated in terms of three indices; viz. the Semester Grade Point Average (SGPA) which is the Grade Point Average for a semester, Yearly Grade Point Average (YGPA) which is the Grade Point Average for a year and Cumulative Grade Point Average (CGPA) which is the Grade Point Average for all the completed semesters at any point in time considered cumulatively.

Semester Grade Point Average (SGPA)

$$\text{SGPA} = \frac{\sum (\text{Total Credits of respective subject} \times \text{Grade Point earned in the subject})}{\text{Total Credits offered during Semester}}$$

Yearly Grade Point Average (YGPA)

$$\text{YGPA} = \frac{(\text{SGPA of odd Semester} \times \text{Total Credits of odd Semester}) + (\text{SGPA of even Semester} \times \text{Total Credits of even Semester})}{\text{Total Credits offered during the current year (odd \& even semester)}}$$

Cumulative Grade Point Average (CGPA)

$$\text{CGPA} = \frac{\sum (\text{SGPA} \times \text{Semester total Credits of all Semesters})}{\text{total credits of four Semesters}}$$

The CGPA is calculated on the basis of all passed courses with 'P and above grades'.

**For Training & Placement requirements, CGPA of the student up to his/ her recent completed semesters may be computed for reporting purposes.**

### 6.4 Award of Division

CGPA 7.500 or above	First Division with Honors
CGPA 6.500 or above	First Division
Below 6.500 CGPA	Second Division

### 6.5 Conversion of CGPA to Absolute Percentage

$$\text{CGPA} \times 10 = \text{Absolute Percentage}$$

Three Spiral bound copies along with thesis summary are required to be submitted with a soft copy (PDF format). All copies of the thesis duly signed by the supervisor(s). The thesis copy need to be forwarded by concerned Head of the Department and Dean of School are to be sent to the Controller of Examination with intimation to Dean R&D. RDC may grant additional time for the thesis submission beyond three months (but not more than six months) on the request of the research scholar.
- 10.5 The PhD thesis shall strictly be on the format prescribed by the University and must contain the Copyright as “©Harcourt Butler Technical University, Kanpur–208002, (U.P.) INDIA, All rights reserved”
- 10.6 On the receipt of requisite copies and summary of the thesis, the Controller of Examination will send a formal offer letter and E-mail to the External Examiner in order of preference from the panel as approved by the Vice-Chancellor for acceptance to act as Examiner. After receiving the consents, thesis will be sent to two Examiners along with relevant documents, either in form of hard copy (through registered/speed post) or a soft copy (through e-mail) or via both modes as per the consent given by the Examiner. A complete record of E-mails, postal correspondences, phone numbers etc. shall be maintained by the Office of Controller of Examination. In case of refusal, the next External Examiner in the order of preference will be approached. All correspondences/ notifications in regard to thesis evaluation and viva-voce examination of the scholar (except where stated otherwise) shall be done by the Controller of Examinations. All correspondence shall be confidential, except the correspondence with the research scholar and general circulars/ notifications.
- 10.7 In order to avoid any delay in the thesis evaluation process, electronic mode e.g. e-mail route shall be used for obtaining consent of the Examiner and sending a soft copy the thesis (in PDF format). Thesis Evaluation report received in soft scanned copy with signature and seal may be accepted if hard copy is not received.
- 10.8 Non-receipt of the thesis report from anyone of the two Examiners in a period of three months from the date of dispatch, two reminders will be dispatched (immediately with a gap of one month). If no response is received, thesis will be sent to the next Examiner listed in the panel. Before correspondence with another External Examiner, the original External Examiner must be informed by the Controller of Examination about the cancellation of his / her appointment as Examiner.
- 10.9 Copy of reports of both the Examiners shall be presented by the Controller of Examination to Dean R&D for records and further processing, if any. There may be four possible situations arising out of the nature of the reports. The steps to be taken appropriate to the circumstances are laid down as under :
  - 10.9.1 The Examiners are unanimous in recommending the Final Defense / Viva-voce Examination without any modification in the thesis, Viva-voce in such cases shall be scheduled and duly notified by Controller of Examination in consultation with External Examiner and the Supervisor.
  - 10.9.2 The External Examiners are unanimous in recommending Final Defense / Viva-voce Examination, but one of the Examiners has suggested minor modifications and / or asked for clarifications. The candidate in that case shall make modifications and provide the clarifications

as suggested with a certificate from the Supervisor about the compliance in a stipulated time frame to the Controller of Examination. These modifications / clarifications may be sent to the Examiner, if so asked. After the compliance is ascertained, the Viva-voce Examination shall be scheduled and duly notified for Final Defense by the Controller of Examination in consultation with External Examiner and the Supervisor.

- 10.9.3** One of the External Examiners rejects the thesis, while other External Examiner gives a favorable report. The matter shall be referred to RDC which may either ask the candidate to modify the thesis as suggested within a given time frame not exceeding a period of six months and send the modified thesis to the Examiner or may recommend to the Vice Chancellor to appoint another External Examiner for thesis evaluation.
- 10.9.4** Both the External Examiners reject the Thesis. Such cases will be reviewed by the Research Degree Committee (RDC) which may permit submission of a revised thesis on additional payment of the prescribed fee (which will be equal to the fees deposited earlier as thesis submission fee). Research Degree Committee may fix a time frame which shall not be less than one year from the date of grant of such permission. If RDC does not recommend for reconsideration, the candidate will be declared 'failed' and his/her registration shall be cancelled. The observations and comments of the Examiners, if any, shall be provided to the Supervisor. No resubmission of the thesis without modification on the lines of criticism made by the earlier Examiner be allowed. The revised thesis shall be referred for evaluation as per prescribed procedure. New Examiner will be provided with copies of earlier Thesis, Thesis Evaluation Reports and details of changes made in addition to the revised thesis. Examiners need to respond specifically to the observations of the earlier Examiner and the changes made by the student before re-submission. Second time rejection will lead to termination of admission.
- 10.9.5** Once the reports of the Examiner have been accepted as 'satisfactory', the candidate will be allowed Viva-voce Examination. One of the Examiners of the thesis will be invited as an External Examiner for PhD Thesis Defense. The Viva-voce Examination will be open to all the faculty members of the concerned Department. The evaluation, however, will be done by the Viva-voce Board comprising of External Examiner, one member of the RDC to be nominated by the Vice Chancellor along with the Supervisor(s) and Head of the concerned Department. The Evaluation Report is to be submitted by the Viva-voce Board to the Controller of Examination. Its outcome could be as given below:

### **3.5 Anti-Ragging Measures**

Ragging is a reprehensible act, which does no good to anyone. Indulging in ragging is deriving a sadistic pleasure and showing off power, authority or superiority over juniors, which is highly undesirable. No act of ragging shall be tolerated and shall not go unnoticed and unpunished. Broadly speaking, ragging is any disorderly conduct by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any other student, indulging in a rowdy or indisciplined manner likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any

act or perform something which such student will not do in the ordinary course and which has the effect or causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student. It is right as well as an obligation of all the students to fight against the menace of ragging. Any instance of ragging to which they are subjected or which comes in their knowledge should be brought to the knowledge of the authorities. It shall be promptly dealt with while protecting the complainants from any harassment by perpetrators. Ragging is banned in the University. Anyone indulging in ragging will be punished appropriately along with filing a First Information Report (FIR) with the local police authorities. The punishment for ragging may include:

- Barring from appearing in placement interviews.
- Withholding results, scholarships or other benefits.
- Fine with a public apology.
- Suspension from the classes for a period.
- Suspension from the University for a period.
- Suspension or expulsion from hostel and/or mess.
- Outright expulsion from the University.

Also, the punishment to be meted out will be exemplary and harsh to act as a deterrent against recurrence of the incidents of ragging. In every single incidence of ragging where the victim or his parents/guardian are not satisfied with the institutional arrangement for action, a FIR will be filed. Besides, the Migration Certificate/Character Certificate shall have an adverse entry. Admission may be refused to such students who have been involved in any act of ragging. According to the Uttar Pradesh Prohibition of Ragging in Educational Institutions Act, 2010 (U.P. Act No. 14 of 2010, as passed by the Uttar Pradesh Legislature), whoever directly or indirectly commits, participates, abets or propagates ragging within or outside University premises shall be punished with imprisonment of either description for a term which may extend to two years or with a fine which may extend to rupees ten thousand or both.
