

Dr. Vineeta Gautam

Current Address:

Assistant Professor
Department of Oil Technology
School of Chemical Technology
HBTU, Kanpur- 208002
Email: gautamvinita09@gmail.com
Contact: 09365114227

Title of Ph.D thesis and supervisor

“Studies on Polyaniline based Composites for Biosensors”

Under the supervision of **Dr. V. L. Yadav** (Professor), Department of Chemical Engineering and Technology, IIT(BHU), Varanasi.

Publications

Paper presented in International/National Conferences/Attended Workshops

1. Attended 3 days International workshop on Energy Power Environment National Institute of Technology Kurukshetra held on March 17-19, 2019.
2. Attended 1 week Faculty Development Programme on Green Technology for Sustainable Development organized by department of Chemical Engineering, Assam Engineering College, Guwahati held on 17th -21st December 2018.
3. Organized Stakeholders meeting in Bineswar Brahma Engineering College (BBEC), Kokrajhar, held on 27th October 2018.
4. As a co-ordinator of Industrial visit with the 3rd semester students, Department of chemical engineering, Bineswar Brahma Engineering College (BBEC), Kokrajhar, held on 31st October 2018.
5. Attended 5 days workshop on Recent Advances in Materials, Energy and Environmental Engineering conducted under TEQIP sponsored by MHRD, Government of India held on 16-20 July 2018 at IIT Guwahati.
6. Attended 3 days outcomes based education and NBA accreditation workshop held on 28-30 June 2018 at Govt. of College of Engineering, Bargur (Tamilnadu).
7. Attended TEQIP-III Faculty Induction workshop held on 06-10th February 2018, at Institute of Technology Kharagpur (West Bengal).

8. Oral Presentation as an invited speaker on research paper entitled **“Application of Water-dispersible and Biocompatible Nano-Composite Material “Polyaniline/MWCNTs/Starch” for Non-Enzymatic Detection of Cholesterol”** 2017 Global Conference on Polymer and Composite Materials (PCM 2017), **Guangzhou, China**, organized by Pusan National University Wuhan Advanced Materials Society on 23rd-25th May 2017.
9. Achieved 2st Prize in poster competition for presenting research paper entitled **“Electrochemical Detection of Hydroquinone using [PANI/MWCNTs/CMC] Modified Carbon Paste Electrode”** at 4th Lucknow Science Congress, Babasaheb Bhimrao Ambedkar University (A Central University) Vidya Vihar, Raebareli Road, Lucknow-226025 on 3rd-4th March-2017, pp 85.
10. Achieved 1st Prize in poster competition for presenting research paper entitled **“A study on the degradation and solubility of polysaccharides: electron microscopic analysis and viscosity measurement”** at 4th Lucknow Science Congress, Babasaheb Bhimrao Ambedkar University (A Central University) Vidya Vihar, Raebareli Road, Lucknow-226025 on 3rd-4th March-2017, pp 85.
11. Achieved 2st Prize in poster competition for presenting research paper entitled **“PANI/MWCNTs/Starch composite material for H₂O₂ Biosensor”** at Institute Day, Department of Chemical Engineering and Technology, IIT(BHU), Varanasi, U.P. on 2-3rd April 2016.
12. Achieved best poster award for presenting research paper entitled **“FTIR analysis of Polyaniline and polysaccharide based composite”** International Conference on “Harnessing Engineering, Technology, and Innovation for sustainable Development” organized by Dr. S.S. Bhatnagar University Institute of Chemical Engineering and Technology, Punjab University, Chandigarh, India on 19-20th September 2014.
13. Achieved best poster award for presenting research paper entitled **“Investigation on “multi-component composite as an improved adsorbent”** at International Conference on Nanoscience and Nanotechnology organized by Department of Applied Physics, School for Physical Sciences at Babasaheb Bhimrao Ambedkar University, Lucknow, U.P. on 18-20th November 2013.
14. Achieved best poster award for presenting research paper entitled **“Application of low cost adsorbent (treated peanut hull) for removal of colors pollutants (Methylene Blue and Methyl Violet) from water effluents”** at National Seminar on Water & Environment Challenges for water resource management in 21st Century, Organized by Department of Geology, MVM College, Bhopal, M.P. on 12-13th March 2011, pp 18.
15. Oral Presentation of research paper entitled **“An Easy Entrapment Approach for the Preparation of Nano-Silica/Polyaniline Based Nanocomposite Material: Application as**

Effective Adsorbent” at National conference on Advance in Wastewater Treatment and reuse” organized by Department of Chemical Engineering, at Smarat Ashok Engineering College Vidisha (M.P.) on 27-28th September **2013**.

16. Presented research paper entitled **“Comparative studies for the removal of acid and basic dye from Polyaniline/MWCNT/Starch/Silica composite modified Ganga Sand”** International Conference on Future Prospects of Advancements in Biological Sciences Health Issues & International Protection at Indira Gandhi Pratishthan, Lucknow, U.P. India on 7-8th February **2014**, pp 95.
17. Presented Poster presentation entitled **“Powder XRD Analysis of PANI/PAA/MWCNTs based composite materials prepared in two different acids”** National symposium on organic synthesis and advanced material, Department of Chemistry, BHU, Varanasi, U.P. on 1-2nd March **2014**.
18. Presented research paper entitled **“Modification of treated peanut shell composite material by PANI/MWCNTs/silica”** International Conference on Recent Advances in Analytic Sciences organized by Department of Applied Chemistry, IITBHU, Varanasi, U.P., India on 27 – 29th March, **2014**.
19. Presented research paper entitled **“Preparation and Characterization of Polyaniline/Kaolin Composite Material”** National Conference on Impact of Rapid Advancements in Management, Science and Technology (IRAMST), organized by Rajshree Institute of Management & Technology Bareilly, U.P., on 26-27th December, **2015**.
20. Presented research paper entitled **“Polyaniline/MWCNTs/Starch Composite Material for Hydrogen Peroxide Sensor”** International Conference on Recent trends in Engineering and Material Sciences (ICEMS-2016), organized by Jaipur National University, dated 17-19th March, **2016**, pp 514-515.
21. Presented research paper entitled **“Removal of dye from waste water using low cost adsorbent”** at National seminar, "Impact of environmental changes of human life", organized by SSK Girls degree college, Allahabad, U.P. on 20-21st November **2010**, pp 57.
22. Presented research paper entitled **“Application of peanut hull as non conventional adsorbent for the effective removal of Safranin-O”** at “National Conference on Green Chemistry: An approach to meet the challenges of sustainability (GCMS- 2011), organized by MMH College, Ghaziabad, on 22-23rd January **2011**, pp 72.
23. Presented research paper entitled **“Removal of Brilliant Blue from dye wastewater using activated sand (from Ganga River) by adsorption”** at “National Conference on Current concept and frontier advances in science educational research, organized by TD College, Jaunpur on 5-6th March **2011**, pp 18-19.
24. Presented research paper entitled **“Comparative study on the adsorption behaviour of some basic dyes from wastewater using activated sand (from Ganga River)”** at Annual International Conference on Water & Wastewater Management “H₂O World, organized by

the sixth sense media group, New Delhi on 11th March **2011**.

25. Presented research paper entitled **“Ganga sand used for the removal of dye (Methylene Blue and Methyl Violet) by adsorption method”** at National Conference on Advance and futuristic trend in Material Science (AFTMS 2011) Bareilly U.P., on 26-27th March, **2011**, pp 37.
26. Presented a review paper entitled **“Implementation of Biosensors in Food Industry for Detecting Unwanted Threats: A Necessary Safety Measure”** at National Conference on recent advances in the development of fermented foods, organized by CFST, IAS, BHU, Varanasi, U.P. 8-9th April, **2011**, pp-212.
27. Presented research paper entitled **“Characterization techniques for composite materials, nano materials and their application for electrochemical sensors”** at National conference **“Current concept and frontier advances in science educational research”** organized by TD College, Jaunpur U.P., 5-6th March, **2011**.
28. Presented research paper entitled **“Removal of Victoria blue by using Ganga river sand as a low cost adsorbent”** at International Conference **“CONIAPS-XIII 13th Conference of International Academy of Physical Sciences”**, organized by University of Petroleum and Energy Studies, Dehradun(UK), on 14-16th June, **2011**,
29. Oral Presentation of research paper entitled **“Application of Ganga sand/polyaniline composite material as low cost adsorbent for the removal of methyl violet”** at NSAFM, organized by Department of Chemistry, BHU, Varanasi, on 11-12th February, **2012**.
30. Participated in **47** days workshop entitled **“Entrepreneurship skill development program”**, organized by: TBI Centre IIT-BHU, Varanasi, on 20th Jan-7th March **2011**.
31. Participated in 2 days workshop entitled **“National workshop on Jugaad in Manufacturing”**, organized by Main workshop, IIT(BHU), Varanasi, on 8-9th January **2011**.
32. Participated and student volunteer in **“International Conference on Separation Processes”**, organized by Department of Chemical Engineering & Technology, Institute of Technology, BHU- Varanasi, on 20-22nd October, **2009**.
33. Participated in the National Conference on **Recent trends in Chemistry**, Organized by Department of Chemistry, BHU-Varanasi, on 19-20th February **2011**.

Educational Detail:

Class/Course	College/Institute	Board/ University	Year of Passing	%Marks/CGPA
Ph.D. (Chemical Engg.)	IIT(BHU)	IIT(BHU)	2018	Awarded

M. Tech. (Chemical Engg.)	IIT(BHU)	IIT(BHU)	2011	80
B. Tech. Chemical Technology (Oil Technology)	Harcourt Butler Technological Institute	A.K.T.U. Lucknow	2009	62.58
Diploma in Computer Science and Engg.	Govt. Polytechnic Unnao	B.T.E.U.P.	2005	72.35

Computer Skills:

- **Operating System:** Window, DOS, Origin 8.0, MS Office, origin 8
- Common software applications and internet surfing

Projects:

- I have completed **CRS (Collaborative Research Scheme)** Project, which had been sanctioned by MHRD with amount of **17.58 lakh INR**. In this project I am trying to Develop novel polyaniline based composite materials to fabricate electrochemical biosensors for detecting some common disease biomarkers.
- Completed M. Tech. project entitled “**Removal of dye from wastewater using low cost adsorbents**” from July 2010 to June 2011.
- A project on **Manufacturing of Anionic Surfactant** in B. Tech 2009.

Academic Seminar:

- A Seminar entitled “**Introduction and Application of Biosensor**” in M. Tech 2nd semester.
- Mini project entitled “**Electrochemical synthesis and characterization of gold and silver nano particles**” in M. Tech 2nd semester.

Summer Training & experience:

Organization: Kanpur Edibles (Pvt.) limited
Duration: Four Weeks
Department: (Manufacturing of Edible oils and Vanaspati)
Responsibilities: Quality control and chemical analysis
(Iodine value, Saponification value, Peroxide value, Acid Value, Melting point, Total dissolve solid, moisture content) of raw oil (Palm oil, Soybean oil, Rapeseed oil and other edible oils) and final vanaspati products

Work Experience:

JUN 2022– Till date

Assistant Professor, Department of Oil Technology, HBTU, Kanpur, UP

DEC 2021– JUN 2022

Guest Lecturer, Department of Chemical Engineering, HBTU, Kanpur, UP

JAN 2018– SEPT 2021

ASSISTANT PROFESSOR: Bineswar Brahma Engineering College (BBEC), Kokrajhar, responsibilities as teaching, lab experiments, exams, presentations, viva, lecture plan, lesson plan, research plan, industrial visit, workshops and seminars and others.

JUL 2011 – JUN 2012

LECTURER, Department of Chemical Engineering, MNNIT-ALLAHABAD, UP

Responsibilities: Lectures, class test, lab experiments, presentations, lecture plan, lesson plan, research plan, viva, workshops, seminars, industrial visit and others.

Interests:

Favorites subjects: Fats and oils, Fluid mechanics, Heat Transfer Operation, Mass Transfer Operation, Thermodynamics, Physical Chemistry, Surface Chemistry.

Like to explore new things and interested to do research on removal of pollutants from effluent water, Waste Management and composite and nano materials, composite materials, Biosensors.
