* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valld category cortificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

## General Information

The GATE 2022 score is calculated using the formula

$$
\text { GATE Score }=\mathrm{S}_{q}+\left(\mathrm{S}_{\mathrm{t}}-\mathrm{S}_{\mathrm{q}}\right) \frac{\left(M-M_{q}\right)}{\left(M_{t}-M_{q}\right)}
$$

where,
$\mathbf{M}$ is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard
$\mathbf{M}_{q}$ is the qualifying marks for general category candidate in the paper
$\mathbf{M}_{t}$ is the mean of marks of top $0.1 \%$ or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
$\mathbf{S}_{\mathrm{q}}=350$, is the score assigned to $\mathbf{M}_{\mathrm{q}}$
$\mathbf{S}_{\mathrm{t}}=900$, is the score assigned to $\mathbf{M}_{\mathrm{t}}$
In the GATE 2022 score formula, $\mathbf{M}_{q}$ is 25 marks (out of 100) or $\mu+\sigma$, whichever is greater. Here $\mu$ is the mean and $\sigma$ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

## General Information

The GATE 2022 score is calculated using the formula

$$
\text { GATE Score }=\mathbf{S}_{q}+\left(\mathbf{S}_{1}-\mathbf{S}_{4} \frac{\left(M-M_{q}\right)}{\left(M_{t}-M_{q}\right)}\right.
$$

where,
$\mathbf{M}$ is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard
$\mathbf{M}_{\mathbf{4}}$ is the qualifying marks for general category candidate in the paper
$\mathbf{M}$, is the mean of marks of top $0.1 \%$ or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
$\mathrm{S}_{4}=350$, is the score assigned to $\mathrm{M}_{4}$
$\mathrm{S}_{\mathbf{1}}=900$, is the score assigned to $\mathbf{M}_{\mathbf{1}}$
In the GATE 2022 score formula, $\mathbf{M}_{\mathbf{s}}$ is 25 marks (out of 100 ) or $\mu+\sigma$, whichever is greater. Here $\mu$ is the mean and $\sigma$ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Enginecring (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

## COMMON ADMISSION TEST 2021 (CAT 2021) <br> INDIAN INSTITUTES OF MANAGEMENT

CAT 2021 SCORE CARD

| Section |  | Section |  | Section |  | Total |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Verbal Ability \& Reading Comprehension |  | Data Interpretation \& Logical Reasoning |  | Quantitative Ability |  |  |  |
| Scaled Score | Percentile | Scaled Score | Percentile | Scaled Score | Percentile | Overall Scaled Score | Overall <br> Percentile |
| 54.57 | 99.85 | 8.71 | 56.88 | 9.59 | 74.81 | 72.87 | 95.17 |

## Instructions:

1. Only those candidates who have taken the Common Admission Test (CAT 2021) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2021. You will not receive the score card by email or by post.
2. The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
3. Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
4. IIMs and Non-IIM member institutions independently decide how to use CAT 2021 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Doctoral (Fellow) Programme(s) in Management
5. Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualication of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualication and the associated penalties will take place with retrospective effect.
6. All queries regarding post-CAT 2021 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
7. CAT 2021 score is valid only until 31st December 2022 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2022 to download.
8. Webmail support cat2021@iima.ac.in \& cathelpdesk@iimcat.co.in will be available till 31st March 2022.

March 17, 2019
Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$
\text { GATE Score }=S_{q}+\left(S_{t}-S_{q}\right) \frac{\left(M-M_{q}\right)}{\left(\bar{M}_{t}-M_{q}\right)}
$$

where,
$\boldsymbol{M}$ is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard $\boldsymbol{M}_{\rho}$ is the qualifying marks for general category candidate in the paper
$\bar{M}_{t}$ is the mean of marks of top $0.1 \%$ or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
$S_{q}=350$, is the score assigned to $M_{\text {o }}$
$S_{t}=900$, is the score assigned to $\bar{M}_{t}$
In the GATE 2019 score formula, $\boldsymbol{M}_{\mathrm{e}}$ is 25 marks (out of 100) or $\mu+\sigma$, whichever is greater. Here $\mu$ is the mean and $\sigma$ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences
A - Engineering Mathematics (compulsory)
B - Fluid Mechanics
C - Materials Science
D - Solid Mechanics
E - Thermodynamics
F - Polymer Science and Engineering
G - Food Technology
H - Atmospheric and Oceanic Sciences
Graduate Aptitude Test in Engineering (GATE) 2019 was organized by Indian Institute of Technology Madras on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resource Development (MHRD), Government of India.
