While doing something new in your life, you can come face to face with some new experiences. At present, in today's era, there is no dearth of role models in any field, a person should adopt some or the other role model in his life and follow him in his life. In today's era, no difference should be understood between men and women, as both are capable of doing every work. Dr Shaili Mahindra, Ophthalmologist told that every woman must get her eyes checked once every year. There are many ups and downs of hormones in women. There is a hormone in women which we call Mejtavhmd, which makes our brain flexible in keeping the outer surface of the eyes clean, keeping our eyes clean, thus keeping our eye sight better. As its standard drops, the oil in our eyes Glands which we call Meibomium glandus, it reduces the fluid content in the eyes due to which our eyes start drying up and the vision starts getting blurred.

INTERNATIONAL DAY AGAINST CHILD LABOUR

On 11 June 2021, team NSS HBTU organised a webinar in the Radha Krishnan Auditorium.

“Child” as defined by the Child Labour (Prohibition and Regulation) Act, 1986 is a person who has not completed the age of fourteen years. A child of such tender age is expected to play, study and be carefree about his life. But as a fact of nature, expectations hardly meet reality. Children, by will or by force are employed to work in the harsh conditions and atmosphere which becomes

a threat to their life. Child Labour leads to underdevelopment, incomplete mental and physical development, which in turn drastically affects the growth of children.

International Labour Organization (ILO) defines the term child labour as, “work that deprives children of their childhood, their potential and their dignity, and that is harmful to physical and mental development. It refers to work that is mental, physically, socially or morally dangerous and harmful to children, or work whose schedule interferes with their ability to attend regular school or work that affects in any manner their ability to focus during school or experience a healthy childhood.

The day is celebrated because it’s necessary to make people aware.

CLEANING ACTIVITY IN SLUM AREAS

"Swachhta Ki Pathshala"

The NSS Unit of HBTU College organized a four days Cleanliness Drive under the Swachh Bharat Mission in the year 2017. The main purpose of this program was to address the issues of personal hygiene, public sanitation conditions, lack of awareness and the general issue of public attitude that withholds the population in taking a proactive attitude towards the problem i.e. the cleanliness.

The campaign focused on gathering as much attention as possible towards this issue as it is not taken seriously.

The members of NSS unit visited a local slum- a camp of migrant workers where they explained the importance of cleanliness and underwent the motions of sweeping and garbage disposal along with the locals. The event of this mass awareness campaign involved a group of 25 volunteers who carried out an awareness rally.

Ingrained with the pure spirit of the Swachh Bharat, they vowed to keep up the efforts of clean environment on a personal level even after the Drive was over.

DONATING CLOTHES TO THE NEEDY

"It's better to donate than accumulate"

National Service Scheme (NSS) members at HBTU- KANPUR have collected over Kgs of old and unused clothes for donation in the year of 2017-2018.

Students appreciate the chance to prevent wastage.

Our preferences keep changing so we have many unused clothes. "This is a great solution" said by our seniors.

The drive took place in three parts. First part includes cloth collection from hostel. NSS volunteers placed cardboard collection bins in common areas where students could leave their unused clothes.

Second part covered volunteers approaching the quarters of professors and non-teaching staff for old clothes.

The last part includes graduating seniors who can donate clothes, mattresses, bedding and possessions as they no longer need them.

In this way we have completed our CLOTH DONATION DRIVE very effectively and efficiently with the active participation by all the 25 NSS team members.

MARTYRS' DAY

"Shaheed Diwas" also known as Martyrs' Day honours the valour and commitment of those who sacrificed their lives for the country.

Every year March 23rd is celebrated as Martyrs Day (Shaheed Diwas or Sarvodaya Day).

While inaugurating the event, the professors and the members of NSS club mentioned the great doings of those heroes and freedom fighters, how they inspired countless youth and their death laid an example and in doing so, they carved out their own path for independence where individual heroism and their aggressive need to do something for the nation stood out, departing from the path followed by the Congress leaders then.

In the end a two-minute silence in memory of Indian martyrs is observed.

GANDHI JAYANTI

Mahatma Gandhi, the father of our nation gave the mantra "Cleanliness is Godliness" as he had a dream to make a clean country.

DEATH ANNIVERSARY OF CHANDRASHEKHAR AZAD

"Azad hi rahein hain, azad hi rahenge"

On the occasion of Chandra Shekhar Azad Jayanti, NSS HBTU conducted an event in which everyone pay homage to the brave freedom fighter.

Born on 23 July 1906 in Bhavra village, Jhabua district Madhya Pradesh, he went to Varanasi for higher studies and subsequently became fascinated and was drawn towards the national upsurge of the non-violent and non-cooperation movement under the leadership of Mahatma Gandhi.

It is said that at Alfred Park the freedom fighter managed to keep the police at bay single-handedly with a small pistol and a few cartridges. However, left with a single bullet he shot himself in the head rather than being arrested and dragged to the gallows to be hanged.

In the end "The team members of NSS pay their heartfelt tributes to revolutionary freedom fighter Chandra Shekhar Azad. His unwavering devotion, undeterred determination & ultimate sacrifice for our motherland has inspired many generations and will inspire our future generations as well. Inquilab Zindabad!".
