ABOUT US

The institution has taken all possible initiatives in providing an inclusive environment towards cultural, regional, linguistic, socio-economic, and other such diversities. The existence of USAC is one such effort for ensuring the collective working of all the different individuals enrolled. The activities of each sub-councils/club are managed by a committee consisting of a faculty member as its convener, an elected student secretary, two nominated staff members & two nominated student members. The sports sub-council has a Physical Instructor as an additional member. The USAC activities are funded from the fees collected from the students as well as from the grants received from the Government or other agencies for the purpose.

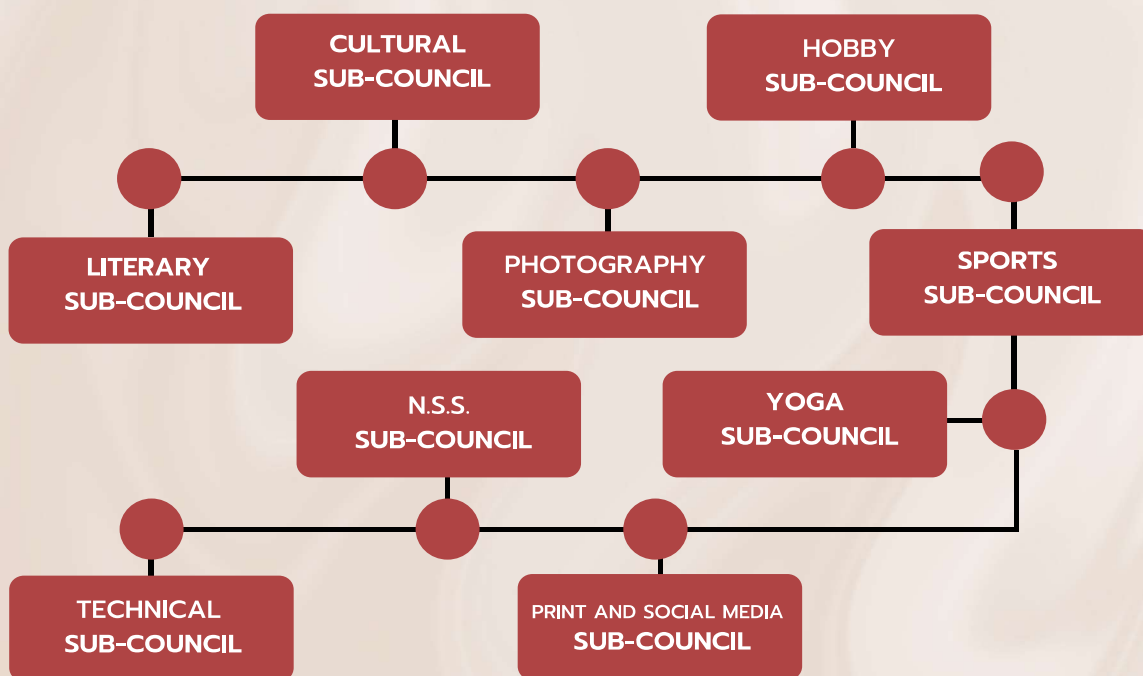

When diversity is talked about, it can be visually seen and contemplated by the numerous fests that the USAC organizes in the premises of the University. The grand three days festival of the Cultural Sub-Council namely 'Adhyaay', the three days gala of the Sports Sub-Council namely 'Aagaz', the three days fest of the Technical Sub-Council namely 'Technika', the one-day event of the Print and Social Media Sub-Council namely 'Samvad'. These are highly funded and rigorously organized festivals, while many regularly curated fests and events keep happening to maintain consistency with the zeal of the students.

USAC is determined at enrolling large numbers of its students at its different corners of extra curricular activities, and it indeed has been successful so far. These activities promote wholesomeness and affinity towards the institution and its autonomy. Hundreds of participants from all over the state come to participate in the various events of the University. Thus a concrete representation of its culture becomes a kind of patriotism for any institution, and USAC has always guaranteed this patriotism to be obeyed by its diverse students.

EVENTS

HOBBY SUB-COUNCIL

Hobbies are practised for interest and enjoyment, rather than financial reward. Engaging in a hobby can lead to acquiring substantial skills, knowledge and experience. However, personal fulfilment is the aim. What are hobbies for some people are professions for others.

Generally speaking, the person who does something for fun, not remuneration, is called an amateur (or hobbyist), as distinct from a professional.

So, HBTU introduced a hobby sub-council that not only instructs children on how to be creative but also to apply that creativity in life.

LITERARY SUB-COUNCIL

Clubs in Literary sub-Council are open to all individuals of HBTU Kanpur. Every club holds interactive sessions, activities, and competitions throughout the year.

Apart from this Literary sub-council also organizes special events on festive occasions, DJ nights, Jamming nights, Bonfire, and other possible events to create a vibrant atmosphere in the college. We are a bunch of motivated individuals who believe that a college should have its equal share of fun & frolic along with the case studies.

TECHNICAL FEST

TECHNIKA '21

Unravel La Creativite

Technika is the first official technical fest in the premises of HBTU Kanpur. It's a two day technical caricature witnessing heavy competition among the state's best students representing various engineering colleges. Our motto has always been to showcase and bring out the maximum possible outcomes of innovation and technology. This event will help to bring solution of various problems faced by the mankind.

Technika would like to develop a rapid interaction with you and lay the foundation of building a fruitful relationship benefitting both parties. Technika will appreciate all the hard work put in by all the students and hopes to increase the feeling of curiosity among students. We would be privilege by your active participation in this technical event.

SAMVAD '22

"The SAMVAD'22 " took place on 3rd June 2022 in the premises of the Harcourt Butler Technical University, Kanpur. It received huge participation not only from the college students but also from the faculty.

A talk session full of inspiration from a former IAS and a profound author, yes you guessed it right, it was none other than the substantial respected Mr. Anil Swarup sir who also holds the position of Former Coal Secretary of the Nation. His views on the art of safeguarding yourself from procrastination was amazingly delivered to the audience. Succeeded by a motivational talk by none other than the esteemed Alumnus of the University, Mr Rohit Kumar Rajpoot sir(Civil Engineering Batch, 2016), IES AIR 7. His concept of love and his very famous poem "Mohabbat chai jaisi hai" was like सोने पर सुहागा, at that time..

On hearing the voice, the crowd went crazy and then entered Rahul Dua, with thunderous applause. A mad laughter riot was ready by one of the best Stand-up Comic, Rahul Dua.

RJ Purab (Red FM), a comedian and a digital content creator "RJ Purab" ruled the stage as PSMSC's guest speaker. Famous for his kanpuriya-style funny car prank videos on YouTube, which are watched by millions of people on social media,
