### **PATRON**

Prof. Samsher, Hon'ble Vice Chancellor HBTU, Kanpur

### **CHAIRMAN**

Prof. Alak Kumar Singh, Dean, School of Chemical Technology HBTU, Kanpur

### **HEAD OF DEPARTMENT**

Mr. Brajesh Singh, Head, Department of Biochemical Engineering, HBTU, Kanpur

### ORGANIZING SECRETARY

Dr Rajkamal Kushwaha, Assistant Professor

### JOINT ORGANIZING SECRETARY

Dr. Shravan Kumar, Assistant Professor

Ms. Roma Agrahari, Assistant Professor

### ORGANIZING COMMITTEE

Dr Lalit Kumar Singh

Dr. Dilip Kumar

Mr. Pravin Kr. Sachan

Mr. Shashikant

Mr. Mohit Kumar Yadav

Mrs Roma Verma

# **One-Day Webinar**

## On

**Entrepreneur's Development in the Area of Biotechnology** 

**(EDAB'22)** 

**November 12, 2022** 

Organized by

Department of Biochemical Engineering,

School of Chemical Technology

Harcourt Butler Technical University

**Kanpur-208002** 

# Who should attend?

- UG, PG and Ph.D. Students
- Faculty and Technical Staffs
- Scientist from R&D Labs
- Industry Persons

### **ABOUT THE WEBINAR**

- The biotechnology industry is one of the fastest growing knowledge based sectors. Promotion of the Indian biotechnology sector is also high on the policy agenda of the Government of India and It has been recognized as one of the key priority sectors under the 'Make in India', 'Skill India' and 'Start-up India' initiative of the Government of India, being one of the few sectors on strong growth trajectory to drive sustainable economic growth and generate large scale employment opportunities.
- Entrepreneurship based on innovation has immense growth potential. Given this context, encouraging and promoting self-employment as a career option for young people will be of highest importance.

All participants are required to fill the Google form via following link:

### ABOUT THE UNIVERSITY

Harcourt Butler Technical University, Kanpur (Formerly HBTI, Kanpur) was established in 1921 and has a glorious history and has always been in the forefront for technological developments and growth of industries in the country since its inception. The Institute had its decent beginning as Government Technological Institute, Uttar Pradesh in 1921 with Dr. E. R. Watson as its first Principal. The Institute was renamed as Harcourt Butler Technological Institute in 1926 in the honor of name of Sir Spencer Harcourt Butler, the then Governor of U. P. Degree courses in Oil Technology and Chemical Engineering were started in 1954 and thereafter number of undergraduate and post graduate courses were started. On March 26, 1965, it was upgraded from a Government Department status to an autonomous Institution. It was upgraded as Harcourt Butler Technical University, Kanpur on September 01, 2016 by Govt. of UP. University spreads across two campuses - East Campus (77 acres) and West Campus (271 acres) situated approximately 3.5 kilometers apart. The University provides a congenial environment for the holistic growth and all-round development of the students such that they become globally acceptable personalities with excellent communication skills, proper attitudes, aptitudes, problem solving capabilities and to work as a team.

### ABOUT THE DEPARTMENT

Biochemical Engineering Department was reestablished as a separate department under the aegis of School of Chemical Technology after up-gradation of HBTI to HBTU in September 2016. Erstwhile, it was a combined department with Food Technology and known as Department of Biochemical Engineering and Food Technology, established in 1964. Being one of the oldest departments of the university, it aims to produce man power with high quality scientific skills, broad understanding of fundamentals and innovations in the field of Biochemical Engineering, immense knowledge in the areas of specialization, keen interest to stay updated with the technical developments in their specialized areas, ability to solve practical, industrial problems and above all the capacity to learn continually and interact with the multi-disciplinary groups. The department offers four-year B. Tech. and Two-year M. Tech. programs in Biochemical Engineering along with a regular and part time Ph. D. programs for the students to develop skills, knowledge in their respective fields according to the present and future need of society and industry.
