Course structures and detailed syllabi of B.Tech. & M.Tech. programs were sent in advance to all the members and invitees by Prof. A. Maithani, Head of Department & Chairman BoS, Paint Technology. The suggestions as received from the members were discussed at the departmental level and incorporated in the syllabi.

Chairman BOS, Prof. Arun Maithani, welcomed all the members and invitees in the meeting, and the following agenda was taken up and the discussion was held on the revised/corrected course structures & syllabi.

1. Discussion and decision on structures of B.Tech. and M.Tech. programs

The course structures of B.Tech.- Chemical Technology- Paint Technology and M.Tech.- Chemical Technology- Paint Technology were discussed thoroughly and accepted.

In view of the importance of experimental parts of Synthetic Resin & Polymers lab for the students in 5th semester, it was unanimously decided that a separate lab of 4 periods per week be put for Synthetic Resins and the lab of Pigment & Extender paper as two periods per week be merged with the theory paper.

2. Discussion ad decision on detailed syllabi of various courses of B.Tech. and M.Tech.programs

After thorough discussion and with some modifications as advised and agreed by the members the detailed syllabi of all B.Tech. courses were finalized.

However, it was desired by the members that detailed syllabi of M.Tech. courses be sent to members once again for their perusal and to furnish their suggestions. With the request to send the suggestions to the Chairman within couple of days, as M.Tech. admissions are closely approaching.

The BoS authorized the chairman to incorporate the suggested changes at the departmental level, and incorporate the changes to finalize the detailed syllabi.

3. Any other matter with permission of the Chair.

There being no other matter, the meeting ended with vote of thanks to the chair, and chairman also thanked the members for their active participation.
