# ABOUT US

The institution has taken all possible initiatives in providing an inclusive environment towards cultural, regional, linguistic, socio-economic, and other such diversities. The existence of USAC is one such effort for ensuring the collective working of all the different individuals enrolled. The activities of each sub-councils/club are managed by a committee consisting of a faculty member as its convener, an elected student secretary, two nominated staff members & two nominated student members. The sports sub-council has a Physical Instructor as an additional member. The USAC activities are funded from the fees collected from the students as well as from the grants received from the Government or other agencies for the purpose.

When diversity is talked about, it can be visually seen and contemplated by the numerous fests that the USAC organizes in the premises of the University. The grand three days festival of the Cultural Sub-Council namely 'Adhyaay', the three days gala of the Sports Sub-Council namely 'Aaghaaz'.

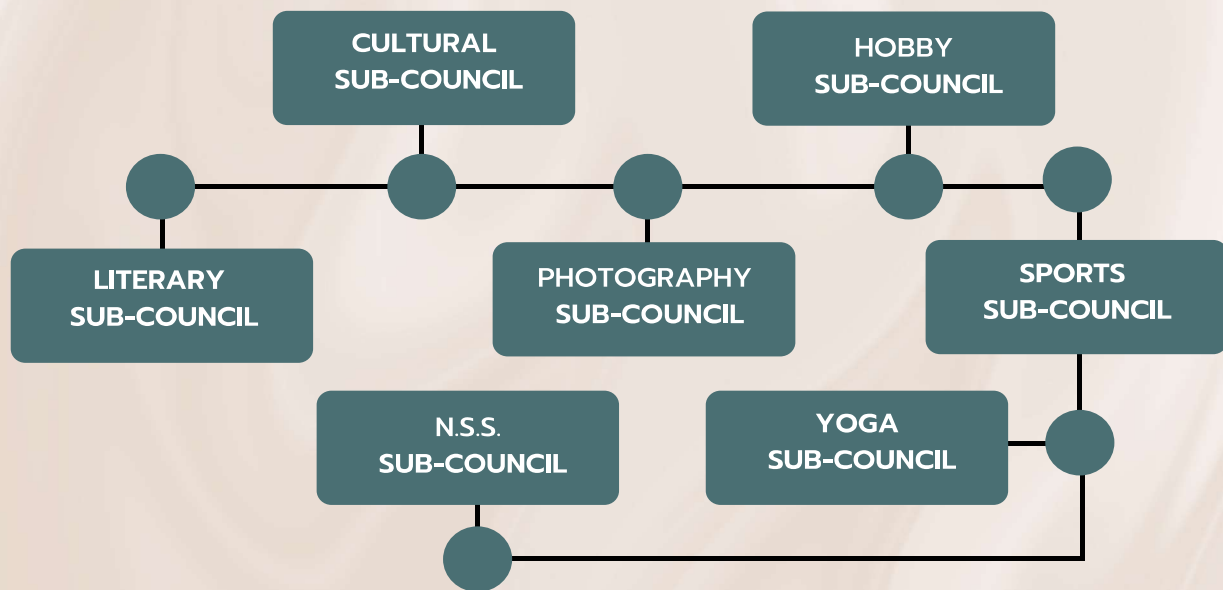

These are highly funded and rigorously organized festivals, while many regularly curated fests and events keep happening to maintain consistency with the zeal of the students.

USAC is determined at enrolling large numbers of its students at its different corners of extra curricular activities, and it indeed has been successful so far. These activities promote wholesomeness and affinity towards the institution and its autonomy. Hundreds of participants from all over the state come to participate in the various events of the University. Thus a concrete representation of its culture becomes a kind of patriotism for any institution, and USAC has always guaranteed this patriotism to be obeyed by its diverse students.

## HOBBY SUB-COUNCIL

Hobbies are practised for interest and enjoyment, rather than financial reward. Engaging in a hobby can lead to acquiring substantial skills, knowledge and experience. However, personal fulfilment is the aim. What are hobbies for some people are professions for others.

Generally speaking, the person who does something for fun, not remuneration, is called an amateur (or hobbyist), as distinct from a professional.

So, HBTU introduced a hobby sub-council that not only instructs children on how to be creative but also to apply that creativity in life.

## LITERARY SUB-COUNCIL

Clubs in Literary sub-Council are open to all individuals of HBTU Kanpur. Every club holds interactive sessions, activities, and competitions throughout the year.

Apart from this Literary sub-council also organizes special events on festive occasions, DJ nights, Jamming nights, Bonfire, and other possible events to create a vibrant atmosphere in the college. We are a bunch of motivated individuals who believe that a college should have its equal share of fun & frolic along with the case studies.
