Dear Sir/ Madam,

Greetings from All India Council for Technical Education..!

Please find enclosed a link to a Google form survey developed by TERRE Policy Centre, with whom AICTE has an MOU for Smart and Clean Campus. The survey titled 'E-learning readiness for students' is designed to assess the preparedness of internet infrastructure and facilities for college students where they are located. The survey can be accessed at https://bit.ly/3kAJPHS. The survey format has been designed to understand opportunities and challenges in internet facility access for e-learning by students.

You are requested to forward the link to your students and faculty members. Please note that filling of the survey response will not take more than 10 minutes to complete. In case of any query, you can contact: Rohan Atrawalkar rohansa96@gmail.com, Project Coordinator, Smart Campus Cloud Network.

We shall be grateful if you encourage as many students to participate in this survey. Kindly adhere to the last date of submitting the response i.e. 15th September. One pager on introduction to TERRE Policy Centre and their project of Smart Campus Cloud Network (SCCN) is also attached for your reference.
