1. Annual audited statements of accounts highlighting the grants received

This is to state that the grants received from non-government bodies, individuals, philanthropists for development and maintenance of infrastructure of the University is **mainly kind in nature** so it is not possible to include that amount in the audited statements of accounts of the University.

2. Copy of the sanction letters received from non-government bodies, individuals, philanthropists for development and maintenance of infrastructures

However, the sanction /grant letter of the concerned organisation is attached and the summary is given in the table of content below. Here it is worthwhile to mention that any facility other than equipment/software under this head is entered in the University/Department/Hostel Stock register.
