

IIGP 2.0

The India Innovation Growth Programme (IIGP) 2.0 is a unique tripartite initiative of the Department of Science & Technology, Government of India, Lockheed Martin and Tata Trusts.

Supporting the Government of India's missions of "Startup India" and "Make in India", IIGP 2.0 enhances the Indian innovation ecosystem by enabling innovators and entrepreneurs through the stages of ideation and innovation, to develop technology based solutions for tomorrow.

Complemented by several implementation partners, Federation of Indian Chambers of Commerce and Industry (FICCI), Indo-US Science and Technology Forum (IUSSTF), Center for Innovation Incubation and Entrepreneurship (CIIE) at IIM Ahmedabad, Indian Institute of Technology Bombay and Tata Center for Technology and Design at the Massachusetts Institute of Technology (MIT); IIGP 2.0 is a high-impact programme focused on building the social and industrial innovation ecosystem.

IIGP 2.0

2018

IIGP 2.0 identifies and supports innovative Indian technologies get into the global marketplace through two annual parallel tracks, University Challenge and Open Innovation Challenge.

University Challenge

Ideation and incubation of concepts (both industrial and social), sourced from individual students/teams at academic institutions across India.

Open Innovation Challenge

Innovation of concepts (both industrial and social), sourced from the technology community at large across India.

IIGP 2.0 calls for applications for the 2018 edition of the programme in social and industrial categories for Open Innovation Challenge & University Challenge.

Last date of application submission : 18th May, 2018
